## MESSAGE

I am pleased to note that the National Commission for Women has brought out its Annual Report for the year 2015-16, highlighting the major activities and initiatives undertaken by it.

The National Commission for Women is a statutory body constituted on 31<sup>st</sup> January, 1992, under the National Commission for Women Act 1990, to safeguard the legal and constitutional rights of women.

During the year 2015-16, the Commission made continuous efforts to attain its mandate, which included reviewing laws affecting women, taking up complaints of domestic violence, sexual harassment at workplace, exploitation of women and deprivation of their human rights. The Commission also took suo-moto cognizance of specific cases of complaints to ensure that constitutional and legal safeguards are provided to women.

The other activities undertaken by the Commission, included, legal awareness programmes, sponsoring research studies, organizing workshops / seminars / consultations on various issues concerning women as well as undertaking visits to custodial institutions, shelter and remand homes to redress the grievances of the inmates. The Commission also conducted workshops for capacity-building of judicial officers and women police officers. To impart legal awareness at the grassroot level, the Commission developed "Standardized Module for Legal Awareness Programme" regarding Women- Related Laws, recent new legislations and amendments, including, remedies provided under the said laws. The Commission developed a training module for empowering women representatives of Panchayati Raj.

I appreciate the Commission's initiative in starting the project "Violence Free Home-A Woman's Right", offering social services within police stations in eleven districts of Delhi.

I am confident that the Commission will continue its good work in the coming years.

## PREFACE

I take pleasure in presenting the Annual Report for the year 2015-16 of the National Commission for Women as envisaged in section 13 of the National Commission for Women Act, 1990.

Throughout the year, the Commission has worked sincerely to attain its mandate and carried forward the activities of previous years while working relentlessly towards empowering women by taking up gender-related issues, suggesting amendments in laws relating to women and taking suo-motu cognizance of incidents of atrocities committed against women, with a view to helping women victims. Several field visits and inquiries have been conducted by the Commission to investigate into specific problems of situations arising out of discrimination and atrocities against women.

The Commission also reviewed existing gender laws such as the Code of Criminal Procedure, 1973, the Andhra Pradesh Devdasis (Prohibition of Dedication) Act, 1988, Assisted Reproductive Technologies (Regulation) Bill, 2014, Human Trafficking (Prevention) Bill, 2016, etc.

To impart practical knowledge about legal rights and remedies provided under laws for women, the Commission organized legal awareness programmes by introducing “Standardized Module for Legal Awareness Programmes about Women Related Laws”, in association with Universities / Law Departments / Colleges and the National Legal Services Authority. The Commission, in collaboration with the Bureau of Police Research and Development (BPR&D), Ministry of Home Affairs also organized capacity-building workshops for women police officers, with special focus on investigating crimes related to women.

In accordance with its mandate, NCW took diverse steps to bring women to the centre from the peripheries of development structure. During the year, the

Commission organized workshops / seminars on important issues such as Expanding Opportunities for Women Disabilities and Surrogacy issues etc. Besides the Members of the Commission undertook visits to various custodial institutions such as prisons, remand home / shelter homes, etc. in order to examine the condition of women inmates and wherever necessary recommended remedial measures to the concerned authorities. With a view to improving the functioning of the State Women Commission and enhancing coordination, the Commission has organized several interactive meeting with the representatives of the State Commissions.

During the year 2015-16, the Commission had signed MoU, with UN Women for working together in areas of common interest, such as combating trafficking of women and girls. MoU was also signed with Tata Institute of Social Sciences and Delhi Police for Expansion of the Project “Violence Free Home – A Woman’s Right” offering training to social workers/counsellors in Crime against Women Cell (CAW Cell) within police stations, since 2008 in all districts of Delhi. An MoU was also signed for replicating the project in 7 identified states – Odisha, Punjab, Assam, Meghalaya, Tamil Nadu, Madhya Pradesh and Bihar. During FY 2015-16, 31 social workers across five states and 26 social workers from Delhi. Social workers/counselors assist women and children facing violence by providing them with emotional support, helping them in negotiations to stop violence, linkages to livelihood opportunities and providing them with legal knowledge. The processes are aimed towards achieving a violence free life for the woman. Apart from working with survivors of violence and their aggressors, the social workers also work on the preventive aspect by organizing programmes to create awareness on the issue of violence against women in different communities.

Taking ‘Startup India Standup India’ initiative for women further, the National Commission for Women organized “*Shakti*” a capacity building programme focusing on women entrepreneurship on 8<sup>th</sup> March, the International Women’s Day. Additionally, in order to empower women representatives of Panchayati Raj, the Commission, initiated the development of training modules to enable elected women representatives at the panchayat level to implement and monitor development/welfare programmes of villages under their panchayats. Publicity & awareness has also been generated through advertisement in print media and television channels to create awareness on women centric laws, issues and women emancipation.

I take this opportunity to record my special gratitude for the support given to the Commission by various Ministries of the Government, especially, by the Ministry of Women and Child Development, Ministry of Home Affairs, Ministry of Health & Family Welfare as well as various State Governments and State Women Commissions, my colleagues, officials and staff of NCW, whose collective efforts and commitment have made it possible to attain our goals and collective objectives. I remain confident that the Commission will continue to make concentrated efforts to ensure that we benefit our stakeholders by going beyond reactive interventions and fulfilling our mandate proactively.

## CHAPTER -1

# INTRODUCTION

In pursuance of the National Commission for Women Act, 1990, the National Commission for Women (NCW) was constituted on 31<sup>st</sup> January, 1992 as a statutory body at the National level, to safeguard and promote the rights and interests of women. It has a wide mandate covering almost all aspects of women's development. The Commission investigates and examines the legal safeguards provided for women under the Constitution and other laws and recommends, to the Government, measures for their effective implementation. The Commission also reviews the existing provisions of the Constitution and other laws affecting women and recommends amendments to meet any lacunae, inadequacies or shortcomings in such laws; looks into complaints and takes suo - motu cognizance on matters relating to deprivation of women rights, etc.

The Commission takes up studies / research on issues relevant to women, participates and advises in the planning process for socio-economic development of women, evaluates the progress made thereof; inspects jails, remand homes / shelter homes, etc. to examine the condition of women inmates and seeks remedial action wherever necessary.

In keeping with its mandate, the Commission initiated various steps to improve the status of women and worked for their empowerment during the year under report. Representatives of the Commission have visited various parts of the country to attend meetings / seminars / workshops / Legal Awareness Programmes etc. organized by the Commission, in collaboration with State Women Commissions, NGOs and other organizations. These visits have been made to get first hand information about the problems faced by women in various parts of the country in order to suggest remedial measures and to take up the issues with the concerned authorities. The project of locating social service with in police station –“Violence Free Home- A Woman's Right” implemented by the Commission since 2008 in collaboration with Delhi Police, was expanded in eleven districts of Delhi

The Commission has also initiated capacity-building workshops to build capacity of women police officers, who could be investigating officers in the matters of crime

against women and Empower Panchayati Raj Women Representatives at the panchayat level to facilitate planning, implementation and monitoring of development and welfare programmes for overall development of the villages under their panchayat.

As per the mandate of the Commission, steps have also been taken to investigate various cases of atrocities, committed against women. The Commission received a large number of complaints and also took suo-motu cognizance of several cases on the basis of various media reports and complaints relating to deprivation of women rights and non-implementation of laws, to provide speedy justice to the victims. The Commission takes up such matters with the concerned authorities by seeking Action Taken Reports or by constituting Inquiry Committees.

Publicity was also made through print advertisements, audio / video spots etc. to disseminate information so as to create awareness on women empowerment and other women related laws and issues.

### CHAPTER-3

## COMPLAINTS AND INVESTIGATION (C & I) CELL

The National Commission for Women Act, 1990 empowers the Commission to look into complaints and to take suo - motu notice of matters related to deprivation of women's rights and non-implementation of laws enacted to provide protection to women. To comply with the provision, the Complaints and Investigation Cell (C & I Cell) deals with the complaints regarding deprivation of women's rights / non implementation of laws, received from all over the country. These complaints are received orally, in writing or online through its website i.e., [www.ncw.nic.in](http://www.ncw.nic.in). In addition, Commission also takes suo - motu cognizance of incidents related to heinous crimes committed against women.

The Complaints & Investigation Cell processes complaints to facilitate in providing adequate and expeditious relief to women ensuring suitable redressal of grievances. Generally, the complaints are acted upon in the following manner:-

- i. The complaints of police apathy / police inaction are forwarded to the concerned authorities for ensuring a timely and fair investigation of the matter. The Action Taken Reports (ATRs) thus received from the concerned authorities are examined and further monitored by the Commission;
- ii. Family / matrimonial disputes are resolved through counseling. Both the parties are called for personal hearing and Commission tries to mediate or counsel the parties, in an attempt to resolve the conflict / marital discords;
- iii. For serious crimes, the Commission constitutes Inquiry Committees, which makes on the spot inquiries, examines various witnesses, collects evidence and submits reports with recommendations to the Commission (such investigations help in providing immediate relief and justice to the victims of violence and atrocities). The Commission monitors the implementation of the recommendation of the Inquiry Committees by taking up the matter with the concerned State Governments / Authorities;
- iv. In respect of complaints related to sexual harassment at work place, the concerned Organization / Department / Authorities are urged to constitute an Internal

Complaints Committee (ICC) as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 to enquire into such complaints. Provisions of this Act are also advertised in the leading newspapers of various States to generate awareness among people about the modalities of constitution of an Internal Complaints Committee for inquiring into matters of “Sexual Harassment at Work Place” in all public as well as in the private sectors;

- v. Wherever and whenever found necessary, complaints are forwarded to the various State Commissions for Women, National Human Rights Commission, National Commission for SC / ST and their State counterparts for initiating appropriate action at their end. These complaints are the ones that are not directly related to the deprivation of women’s rights.

#### **I. Online Complaint Registration System**

NCW introduced the system of online registration of complaints in the year 2005 for speedy and easy registration of complaints through the Commission’s website i.e., [www.ncw.nic.in](http://www.ncw.nic.in).

This has resulted in quicker registration and acknowledgement of the complaints. Anyone can log in to the said site from any part of India / world and register his / her complaint. The said complaint is given a Registration number. The complaint is then disposed of in the same manner as those received through post/by hand, etc.

The system enables the complainant to know about the progress of the case, by simply log in to the website of the Commission by using their unique user ID and password provided to them at the time of registration.

With merging of both the data base (online and offline), the statistics related to number of complaints received (Nature-wise and State-wise) in the Commission is also available in public domain without disclosing the identity of the complainants and the respondents.

#### **II. Complaints not ordinarily entertainable**

The complaints / cases of the following nature are ordinarily non-entertainable:-

### **III. Methods / Ways of taking action on complaints**

NCW largely adopts a convergent approach among various Ministries and efforts are made to coordinate with others to provide assistance while taking up matters for assistance to the victims. Depending upon the nature of complaints, the complaints are acted upon in the following manner:-

- i) Upon taking cognizance of the complaint, notice is issued to the opposite party / parties calling upon, to furnish their reply on the complaint received by the Commission. Summons are also issued if required to the opposite party / parties to appear and answer the claim before the Commission on the day to be specified therein.
- ii) In cases where matter is pending investigation or there has been any failure on the part of concerned authorities to take appropriate action with regard to the complaint, matter is taken up with concerned authorities for seeking Action Taken Reports. If so required, complaints are also forwarded to Indian Embassies of concerned countries.
- iii) The Ministry of Overseas Indian Affairs, Ministry of External Affairs, Ministry of Home Affairs and the Ministry of Law and Justice are duly written to, for service of summons, warrants issued or any orders passed, by the appropriate Court of Law and for other relevant matters, whenever and wherever required under intimation to the complainant.
- iv) The MOIA or Indian Embassies abroad are also approached for providing legal and financial aid to victim as per scheme of MOIA.
- v) The Passport Authority may be written to for any matter relating to passports.
- vi) If necessary, complaints can be forwarded to the employers of the respondent husband to take necessary action against him.

## CHAPTER-5

### LEGAL CELL

In accordance with the mandate of the Commission, as per Section 10 of the National Commission for Women Act, 1990, that is to review the existing provisions of the Constitution and other laws affecting women and recommend amendments thereto so as to suggest remedial legislative measures to meet any lacunae, inadequacies or short comings in such legislations, the Commission during the year 2015-16 reviewed various laws and made recommendations thereto. The Commission is concerned about spreading awareness about the rights and laws related to women and in this regard a number of awareness programmes were organized with the help of Law Colleges, Universities. The commission is also concerned about the capacity building of police officers and in furtherance of the same the Commission jointly organized with Bureau and Police Research Development Training courses for Women Police Officers in Investigation of cases involving Crime against Women. The details are given in the respective sections.

#### **I. REVIEW OF LAWS AFFECTING WOMEN AND LEGISLATIVE MEASURES SUGGESTED BY THE COMMISSION:-**

##### **(I) Assisted Reproductive Technology (Regulation) Bill, 2013**

The Indian Council of Medical Research, Ministry of Health and Family Welfare had constituted a Committee specifically to decide on a formula to calculate the minimum compensation to be paid to the surrogate mother under the proposed Assisted Reproductive Technology (Regulation) Bill, 2013. NCW was also a Member in this Committee. NCW after receiving suggestions and examining the various related laws/provisions has taken the view that:- Formula should not be specified in the proposed Act, but needs to be included in the Rules framed thereto, Surrogate mother may be considered as a skilled employee and that since there is no single uniform minimum wage rate across the country, the level of compensation should take into account other factors of health, emotional and psychological costs etc.

Suggestions / Recommendations were sent to Indian Council of Medical

Research, Ministry of Health and Family Welfare and MWCD on 10<sup>th</sup> April 2015. The details are given at **Annexure-II**.

### (ii) **The Code of Criminal Procedure, 1973**

NCW organized an interactive meeting with State Commissions for Women to deliberate upon identified issues including a Supreme Court judgment *Writ Petition (Criminal) No. 24 of 2014* relating to the gang-rape of a 20 year old woman in West Bengal on the orders of community Panchayat as punishment for having relationship with a man from a different community has observed that the Code of Criminal Procedure has been specifically amended by recent amendment dated 03.02.2013 in order to advance the safeguards for women. The issue of Section 357 A Code of Criminal Procedure, 1973 regarding Victim Compensation Scheme was taken up in the meeting.

The victim compensation scheme under Section 357 A Cr.P.C. 1973 has been notified by the states of Rajasthan, West Bengal, Goa, Assam, Haryana, Delhi and Gujarat. Some State Commissions have stated that there are such schemes in their States which are in the process of being notified under Sec 357 A Cr. PC.

Some recommendations were also put forth which are the following:-

- i. All State Commissions for Women to review the schemes notified by the state governments U/S 357 A IPC , 1860 for victim compensation in rape / acid attack victims.
- ii. In states where such schemes are not notified, the State Commissions are requested to take up the matter with their respective state governments for their earlier notifications.
- iii. Amount of compensation in schemes notified under Sec 357 A IPC need to be enhanced.
- iv. All State Commissions for Women to send status report on implementation provisions of Criminal Law Act 2013 in their states to NCW.
- v. Setting up of psychological and legal counseling centers in hospitals.

- vi. Setting up of One stop crisis in hospitals.
- vii. Speedy trials and fast track courts to be established for crime against women.
- viii. State Commissions for Women recommended setting up of counseling centers and Police *Chowki* within the premises of State Commission Offices.

The recommendations were sent to Ministry of Women & Child Development as well as to the State Governments.

### (III) **The Andhra Pradesh Devdasis (Prohibition of Dedication) Act, 1988**

A Regional Consultation was held on the condition of *devdasis* in India on 23<sup>rd</sup> February, 2015 at Hyderabad in collaboration with State Women Commissions (Andhra Pradesh and Telengana).

The tradition of marrying a woman to a deity – which initially started out as a religious practice of a woman devotee willingly tying herself to God and His temple, and taking upon the responsibility of a caretaker of sorts, has degenerated into a heinous practice wherein the '*Joginie / Devdasi*', as she is called, is forced into prostitution to serve the local village elders of the higher castes.

The Karnataka *Devadasis* (Prohibition of Dedication) Act 1982, The Andhra Pradesh *Devadasis* (Prohibition of Dedication) Act, 1988, The Andhra Pradesh (Andhra Area) *Devadasis* (Prohibition of Dedication) Act, 1947 and The Maharashtra *Devadasi* Protection and Rehabilitation Act 2005 are available on the subject. The tradition is still very much prevalent in states like Andhra Pradesh, Tamil Nadu, Karnataka, Orissa and Maharashtra etc.

The National Commission for Women has also taken initiatives to end the "*Devadasi* System" predominantly present in Southern States of India.

- i. Immediate Survey has to be conducted and Data Bank has to be prepared regarding the number of Families involved in *Devadasi* System.
- ii. Acts of the State Governments relating to Prohibition of *Devadasi* has to be implemented seriously.
- iii. Social Security Id cards have to be provided in addition to 3 Acres of Government land to the Women in *Devadasi* System.

- iv. Functional Literacy Scheme may be adopted and compulsory education to be provided to Women and their Children in *Devadasi* System.
- v. Medical and Healthcare also have to be provided to the Women of *Devadasi* System.

The recommendations and the Report of the Consultation were sent to Ministry of Women & Child Development and Ministry of Home Affairs for further necessary action.

### **(IV) Cyber Crime Prevention against Women and Children (CCPWC)**

Ministry of Home Affairs had constituted an Expert Group comprising the official/ academicians from NSCS, Ministry of Home Affairs, CDAC Cert-In, Indian Institute of Technology, Indian Institute of Science and IT experts to study the gaps and challenges, prepare a roadmap for effectively taking cognizant of Cyber Crime in the country and give suitable recommendations to take effective measures to prevent crime against women and children and create awareness in the society about these issues. Accordingly, a scheme for Cyber Crime Prevention against Women and Children (CCPWC) has been formulated by the Ministry of Home Affairs. The proposed scheme was examined by NCW.

Some of the inputs put forth by the Commission were as below:-

- i. **Online Women specific Crime Reporting Unit**-Interlink with NCW should be made in such a manner that if a woman wants to make a complaint about cybercrime to NCW, it should be sent to MHA Crime Reporting Unit with acknowledgement to NCW and a copy to the complainant. It will encourage quick disposal of the complaints with the assistance of the IT professionals
- ii. **Monitoring Unit for Cyber Crimes**-Monitoring unit should provide monthly reports on the complaints received through NCW
- iii. **National Forensic Laboratory**-Investigations of crime against women are delayed due to pending reports from forensic laboratories so NCW agreed to it.
- iv. **Capacity Building**-It should include capacity building of protection officers appointed under *Domestic Violence Act, 2005*.

The suggested recommendations were sent to the Ministry of Women and Child development for further necessary action.

**(V) The Sexual Harassment at Work Place (Prevention, Prohibition and Redressal) Act, 2013**

The Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013 has been enacted to protect women and safeguard her rights at workplace. NCW organized an interactive meeting with State Commissions on 3.2.2015 to deliberate upon the above said Act. The Act and Rules framed thereto have put onus on the employer to constitute Internal Complaint Committee (ICC) and on the district officer to constitute Local Complaint Committee (LCC) to address such complaints.

The broad recommendations that emerged during the discussion were :-

- (i) **Monitoring the constitution of ICC/LCC** – The State Women Commissions should monitor the constitution of Internal Complaint Committees and Local Complaint Committees at district level in their respective States.
- (ii) **Monitoring of working of ICC/LCC** – The State Women Commissions should monitor the working of Internal Complaint Committee and Local Complaint Committees at district level in their respective States. Video conferencing with district officers is recommended.
- (iii) **Awareness Programmes** – The State Women Commissions should regularly hold programmes to disseminate information about provisions of Act and rules thereto in their respective States for its better implementation.
- (iv) **Internal Complaint Committees** – The State Commission should also ensure the constitution of Internal Complaint Committees in their own offices.
- (v) **Collaboration with Organisations** – The State Commissions should collaborate with different organizations for holding workshops, orientation and awareness programmes for members of ICC and to provide resource persons.
- (vi) **Annual Reports** – The copies of the Annual Reports pertaining to the working of the Internal Complaint Committees and Local Complaint Committees should be provided to the State Women Commission by the organizations and district officers.

The suggested recommendations were sent to Ministry of Women & Child Development as well to the State Governments for further necessary action.

### **(VI) Marital Cruelty and Section 498-A of Indian Penal Code**

The National Commission for Women (NCW) organised a National Consultation on 'Marital Cruelty and Section 498-A of Indian Penal Code' on 13<sup>th</sup> January, 2016. The objective was to look into the concerns raised as a result of the decision of *Arnesh Kumar vs State of Bihar*, (2014) 8 SCC 273 especially on the dilution of stringency, deterrence for victims and apprehensions regarding the misuse of the section.

- a. The following recommendations / action points were forwarded:-
  - i. A study on incidents of dowry death before and after section 498A was recommended by Mrs. Justice Gyan Sudha Misra, Retired Judge, Supreme Court of India.
  - ii. A national level study regarding the actual usage of section 498A and also the reported marital cruelty and subsequent actions;
  - iii. A gender audit to be conducted in the police stations of NCR to bring about;
    - a. a realistic picture of policy and enforcement of cases relating to offences against women with special focus on 498 A;
    - b. the gender sensitivity of police in handling such incidents;
    - c. the available infrastructure including human resource and institutional facilities for handling such cases;
  - iv. To conduct awareness programmes for women about the instances of marital cruelty and the legal remedies available;
  - v. Conduct awareness programmes for the enforcement agencies including the judiciary to sensitise them about the instances of marital cruelty and the role of socio-political, economic and cultural issues in marital cruelty against women;
  - vi. An intensive media campaign both through written and visual medias and also the social media to highlight the higher rate of marital cruelty on women;

Curative petition on *Arnesh Kumar vs. State of Bihar* should be filed in honourable Supreme Court.

The suggested recommendations were sent to Ministry of Women & Child Development for further necessary action.

#### **(vii) Assisted Reproductive Technologies (Regulation) Bill, 2014**

A National Consultation was organized by National Commission for Women with the technical support of UN Women, ICMR, Ministry of Women and Child Development, Ministry of Health and Family Welfare, Civil Society Experts, State Women Commissions and UNFPA on 15<sup>th</sup> October 2015.

The objective of the National Consultation was as following:-

- i. To critically examine the provisions of the Draft ART Bill particularly in the context of Commercial Surrogacy and to generate concrete recommendations for policy and legislation on ART and surrogacy in India.
- ii. To ensure that the regulatory measures will protect the health and the rights of surrogate women and of children born through surrogacy and for strict implementation.
- iii. To build public opinion amongst diverse constituents on the issue and challenges related to India's emergence as the global hub for commercial surrogacy.

The relevant details are given on **Annexure III**. The recommendation sent to Ministry of Women and Child Development and Ministry of Health and Family Welfare for further necessary action.

#### **(viii) Human Trafficking (Prevention) Bill, 2016**

An Inter-Ministerial Committee on comprehensive legislation on Human Trafficking has been constituted by the Ministry of Women & Child Development in compliance of order passed by Supreme Court of India in *W.P(C) No. 56/2004, Prajjawala vs. U.O.I.* and NCW is a member in the said committee. The draft legislation on Human trafficking Prevention Bill, 2016 was received in the Legal Cell and it was duly examined and suggested recommendations for the Human Trafficking Prevention Bill 2016. The details are given in **Annexure-IV**.

The recommendations / suggestions were sent to Ministry of Women and Child Development for further necessary action.

### (ix) **Child Pornography**

The Commission received a writ petition in the matter of *Kamlesh Vaswani v. UOI & Ors.* in WP C No.177/2013 vide order dated 26/2/16 and that the Hon'ble Supreme Court has directed that the National commission for women may give its suggestions to the Union of India for issues related to Child Pornography and means to curb the same. Legal Cell had duly examined and suggested its inputs.

Recommendation sent to Ministry of Women and Child Development and Ministry of Communication and Information Technology.

The Hon'ble Supreme Court in the matter of *Kamlesh Vaswani v. Union of India & Ors.* in *Writ Petition (Civil) No.177/2013* dated 26.02.2016 had directed the National Commission for Women to give its suggestions for issues related to child pornography and suggest means to curb the same. So the following suggestions were put forth for onward transmission to the Ministry of Communication & Information Technology, which are as follows:-

- i. NCW supports the dissemination and improvement of filtering services as well as suggests to adopt various measures towards improvement in the effectiveness of blocking child pornography on the internet and to take measures to eliminate child pornography.
- ii. Similarly for enhancement and to strengthening of protective measures to reinforce support for victims (both child and women) NCW is proactively pursuing measure for empowerment of women by creating awareness among the police and other stake holders for the safety of both women and child.
- iii. To create an expert committee which may include:-
  - IT Experts
  - Ministry of Women and Child Development
  - National Commission for Women
  - National Commission for Protection of Child Rights
  - Ministry of External Affairs, to draft a comprehensive legislation with regard to matters relating to child pornography.

- i. A nodal agency should be setup as a platform wherein people can report about the illegal material on websites. The aim of this platform would be to help investigations of online crimes in the country to share information about all cyber crime, especially child pornography.
- ii. It is recommended that schools colleges, universities, government sectors and government aided sectors and ministries to have an Internet Safety Policy which must include “educating about appropriate online behaviours including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response”.
- iii. Safer internet programme must be developed so as to create a safer environment through the promotion of hotlines, encouraging self regulation and codes of conduct, developing filtering and rating systems, creating awareness among parents, teachers and children.
- iv. Under the ITA 2000, network service providers are not made liable for third party information or data made available by them as long as it is proved that they have no knowledge or exercised due diligence to prevent the offence (section 79).however the computer emergency response team of India (CERT-In) can block websites which have no constitutional right to free speech (like online child sexual images). So it is suggested to make intermediary liability more in tune with the International Centre for Missing and Exploited Children (ICMEC 2008) recommendations, such intermediaries could be compelled to mandatory report to an agency authorised by the government.

Apart from the above mentioned suggestions there were several initiatives taken by the Commission with regard to the Indecent Representation of Women (Prohibition) Amendment Bill, 2012.

- a. Wherein the commission believed that the existing Act lacked teeth and that there was no institutional mechanism to hear complaints and provide decisions.
- b. The provisions of IPC dealing with obscenity were detrimental to the interests of women and let the perpetrator completely free of any liability.
- c. Despite the regulatory and legislative instruments that were available, public debate continued to rage about commoditization of women and

there were deep concerns about depiction of women in the electronic and print media. In this lack drop, the commission proposed the creation of a Nodal Authority to oversee the proper implementation of the Act.

- d. Besides that, the commission also suggested that there should be fast track courts for speedy disposal of such cases.
- e. There was also a need for sensitization of police, judiciary which would result in reducing acquittal and increase in conviction ratio in these cases.
- f. Further it was suggested that prohibition of pornography which was easily available through internet may be brought within the purview of the Act.
- g. The commission also provided suggestions on the guidelines for sanctioning films for public exhibition, i.e., a mechanism should be introduced wherein case complaints of indecency, vulgarity, nudity etc. are voiced.

## II. LEGAL AWARENESS PROGRAMMES

Legal Awareness Generation is of paramount importance for upliftment of women and, particularly, women living in rural areas. They are ignorant about their legal and other rights, their status in the society and in the family and the solutions to the problems faced by them.

## OTHER INITIATIVES :

### 2. MoU signed with Delhi Police and Tata Institute of Social Sciences, Mumbai

The National Commission for Women (NCW), is implementing the project 'Violence Free Home – A Women's Right' (Special Cell for Women) in collaboration with Delhi Police (SPUWAC), New Delhi and Tata Institute of Social Sciences (TISS), Mumbai since 2008-09. The social workers were placed at the SPUWAC Headquarters in Nanakpura, New Delhi and from the year 2010-11 onwards, the services of the social workers were extended to two other CAW Cells (Pitampura and Saket) for similar crisis intervention, in addition to creating a women-friendly atmosphere in police stations/establishments. During the year 2015-16, the Commission decided to expand the project 'Violence Free Home – A Woman's Right' to all eleven districts of Delhi. A tripartite Memorandum of Understanding (MoU) was also signed between NCW, Tata Institute of Social Sciences (TISS) and Delhi Police on 23.12.2015 for this programme, at conference hall of National Commission for Women for the project. The services of trained social workers are now available in all districts of Delhi.

Smt. Lalitha Kumaramangalam, Hon'ble Chairperson, NCW Smt. Preeti Madan, Member Secretary, NCW  
 Smt. Laldingliani Sailo, Member, NCW Shri. Alok Rawat Member, NCW Smt. Rekha Sharma, Member, NCW  
 Smt. Sushma Sahu, Member NCW and Representatives of the Commission, Delhi Police and Tata Institute of Social Sciences during signing of MoU regarding expansion / replication of the project 'Violence Free Home – A Woman's Right'

#### **4. Review the Policy for Empowerment of Women 2001**

The National Commission for Women had organized a consultation on 29<sup>th</sup> October, 2015 to Review the policy for empowerment of women 2001 at Conference Hall, NCW, New Delhi to obtain inputs for action plan in the short term, medium term and long term related to revision of National Policy for Empowerment of Women 2001. Stakeholders working in various women related issues attended the consultation and shared their views and ideas for the action plan. The inputs and comments received from various organizations / experts were considered on Gender Based Violence, Urban planning and design of public spaces, Provision and Management of Urban Infrastructure and Services, Public Transport, Policing, Legislation, Justice and Support to Victims, Education etc. The outcome of the consultation has been sent to Ministry of Women & Child Development for necessary action.

#### **5. Developing Module for Empowering Panchayati Raj Women Representatives**

The National Commission for Women developed modules for empowering panchayati raj women representatives developed for training women elected representatives in order to empower them with information, knowledge and to enhance their capacities. The modules cover issues such as provisions to safeguard rights of women, understanding gram sabha and gram panchayat, development schemes and programmes in India, important laws for women, leadership and decision making etc. The module was developed in collaboration with Tata Institute of Social Sciences (TISS), Mumbai.

#### **6. Recommendations on the broad guidelines/procedure for certification of films by CBFC**

The Ministry of Information & Broadcasting had constituted a committee of experts to recommend broad guidelines / procedures for certification of films by CBFC and had requested for views of the Commission for finalizing the recommendation of the committee. In this regard, the National Commission for Women forwarded its recommendations inter alia given below:-

##### **1. Composition, role and responsibilities of CBFC**

- i. A fair representation of women action groups and gender sensitive members

- on CBFC should be ensured, in order to screen the contents relating to obscenity, stereotyping, gender discrimination and violence to provide reasonable freedom to film-makers as well as ensure that woman's dignity & status is not compromised under the definition of artistic freedom.
- ii. There should be specific qualification or criteria to select and appoint the members of CBFC.
  - iii. There should be increased transparency in the process of certification and action must be taken against the concerned on violation or non compliance of the guidelines of film certification or Cinematograph Act.
  - iv. As per the Cinematograph Act, if a film is certified as Adult, it cannot be recertified as **U/A** or **U** for showing it on television or elsewhere. Therefore, **A** certified film should not be recertified as **U/A** and shown on television.
  - v. The CBFC members should be sensitized on gender issues.

## **2. Suggestions on the guidelines for sanctioning films for public exhibition**

- i. The public must have a mechanism to voice their grievances if they are unhappy with the certification.
- ii. A mechanism should be introduced where in case complaints of indecency, vulgarity, nudity etc. are voiced, actions are taken on the same. The double meaning songs with vulgar content, foul language and other such expression for public viewership must be censored.
- iii. Strict implementation of Sections 292 (Sale of obscene books, etc.), 293 (Sale, etc., of obscene objects to young person) and 294 (Obscene acts and songs.) of Indian Penal Code, 1860. The Acts mentioned for amendments need to be made more effective to protect dignity of women and portrayal of women in the media.
- iv. The generic guidelines under para 2 (ix) of the notification dated 6th December, 1991 related to 'scenes degrading or denigrating women in any manner' must be duly defined. The reinforcement of gender stereotypes and presentation of women either as vulnerable mother figure or glamour's siren or filmy vamp may be examined for their impact on impressionable minds.

- v. Any content in films which promote derogatory representation of women or promotes discriminatory practices in name of tradition, religion etc. must be censored. For example illiteracy of girl child, child marriage, dowry etc. in case the same is required to be included in films, a statutory warning or a social message for promoting the rights of women must be displayed.

### **3. Emerging issues related to posters/social media etc.**

- i. Posters of the films must be certified by the CBFC. The producers who display Adult posters or trailers on public platform or disseminates the same on any social or public platform must be made liable to penalty and heavy fines.
- ii. The new trend of uploading all scenes deleted by the CBFC or uncensored version uploaded on You Tube which must be made an offence and the producer must be made accountable under section 67 of IT Act, where uploading obscene content is a punishable offence.
- iii. There should be standardization of guidelines for certifying content on films, television and other media for mass consumption for parity.

### **4. Miscellaneous**

- i. The Commission views films as a medium for attitude and mindset change. Therefore, every film must carry a message for gender parity and equality at the beginning of each show like the statutory warning for cigarettes.
- ii. The Cinematograph Act 1952 must cover all mediums including films, short films, serials, television shows, social media etc.
- iii. The objective of films certification should ensure that the medium of films remains responsible and sensitive to the values and standards of society in general and women in particular. The objective should include – promotes unity and integrity of the nation.

## CHAPTER-7

### NORTH-EAST CELL

National Commission for Women has constituted a North-East Cell in the Commission to address the issues related to women of North-East States and to take initiatives for their development and empowerment. In addition, it also looks into matters relating to legal review of Acts and codes / practices specific to the North-East States.

#### **FOLLOWING ACTIVITIES WERE UNDERTAKEN DURING THE YEAR APRIL, 2015 - MARCH, 2016 :-**

1. The Meghalaya State Commission for Women in association with NCW organised a National Consultation on issues related to “Single Women” at Shillong on 20<sup>th</sup> and 21<sup>st</sup> April 2015. Delivering the keynote address Ms. Laldingliani Sailo, Member, NCW, said single mothers, which included widows, divorcees, separated and deserted women, often faced stigmatisation and financial hardships and hence empowerment of these women in socio-economic and educational fields to face these challenges is the need of the hour. Fortunately, most women in the North-East are strong-willed and educated to tackle such problems. However, the government must also take initiative to reduce early marriages, and create an enabling environment to provide care and security to single mothers. Hon’ble Speaker of Meghalaya Legislative Assembly also addressed the gathering on the occasion. The recommendations emerging from the consultation include the following:-
  - i) Data of single mothers should be collected and compiled.
  - ii) Shelter homes/crèche centres for abandoned children should be established.
  - iii) Awareness programmes for single woman should be organized.
  - iv) Legal aid services may be provided.
  - v) Security, health of displaced single mothers needs to be looked into.
  - vi) Need for definition of single mother household.

2. Member Laldingliani Sailo visited Mizoram and held a meeting with the Mizoram State Commission for Women, Mizoram Chief Secretary, and members of Mizoram Law College to discuss the modalities of the newly framed Legal Awareness module of NCW.
3. A meeting was held in Mizoram with the officials of Doordarshan Kendra, Aizwal, to discuss the modus operandi of local media viz-a-viz implementation of NCW's media plan 2015 on 20<sup>th</sup> August, 2015.
4. Member Laldindingliani Sailo embarked upon on a four-day visit to Assam to discuss various women-related issues with the Assam Government which included measures to strengthen the Assam State Commission for Women. In this connection, NCW member along with the Chairperson of the Assam State Women Commission and its Members met the Chief Secretary and requested the enhancement of budgetary support to the State Commission and providing additional technical support.
5. The Sub-Committee meeting on 'Social, Economic and Political Empowerment of Women in North-East States' was held on 19<sup>th</sup> February, 2016, in New Delhi. The meeting chaired by NCW Hon'ble Chairperson Ms. Lalitha Kumaramangalam, was attended by the four (4) Members, Member Secretary and officials of the National Commission for Women, and Chairpersons, Member Secretaries and resource persons of all the eight (8) North-East States. In her address Chairperson said that since the National Commission for Women is a recommendatory body of the Government of India on women's issues, it was necessary to get a first hand picture on the status of women from the ground-level upwards. This, was sought to be done by setting up a State-level Committee in each State and working towards a report through (i) a primary survey based on sample size, (ii) organizing FGDs and (iii) also using secondary data. The work has reached a stage of putting all the State reports in a common structure so as to generate a consolidated report for the North East region and importantly to finalise the recommendations of the States. She added that the last leg, would also, require some additions/ deletions, to ensure that the last mile took us home.

Smt. Lalitha Kumaramangalam, Hon'ble Chairperson, NCW Smt. Preeti Madan, Member Secretary, NCW Smt. Laldingliani Sailo, Member, NCW Shri. Alok Rawat Member, NCW Smt. Rekha Sharma, Member, NCW Smt. Sushma Sahu, Member NCW during sub-committee meeting under the Expert Committee on 'Social, Economic and Political Empowerment of Women in North-East States' was held on 19<sup>th</sup> February, 2016

6. The review meeting on 'Social, Economic and Political Empowerment of Women in North-East States' was held at Don Bosco Institute, Guwahati, Assam, on March 10 and 11, 2016. The meeting chaired by NCW Member, Ms. Laldingliani Sailo was attended by Chairpersons, Members, Member Secretaries and resource persons of all the eight (8) North-East States; and a team from Tata Institute of Social Sciences led by Prof Rajaretnam. Member Ms.Sailo said that in order to refine the available information and fix anomalies, conversion of data to SPSS format was indispensable. She also stressed on the need to bring out a consolidated report of the North-East States at the earliest to make policy-based recommendations.

NCW Member Ms. Laldingliani Sailo with Chairpersons, Members, Member Secretaries and resource persons in Guwahati during review meeting of the Expert Committee on 'Social, Economic and Political Empowerment of Women in North-East States' held on March 10 and 11, 2016.

## CHAPTER-9

# RECOMMENDATIONS

The National Commission for Women has sponsored Research & Studies as well as seminars / conferences / consultations on various issues concerning women, during the year 2015-2016, and recommendations inter alia as emerged from the completed research studies and seminars and consultations for implementation by the Central and State Governments and other Agencies have been given below:-

### A. RECOMMENDATIONS EMERGING THROUGH RESEARCH STUDIES EN-TRUSTED TO ORGANIZATIONS

- (1) **Research study on “Compliance with CEDAW: Ground Realities and Perception of Women in West Bengal”, conducted by Surul Centre for Services in Rural Area (CSRA), West Bengal.**

The study was sanctioned on 08<sup>th</sup> October, 2012 after approval of the Commission. The main objectives of the study were “Assessment of the level of awareness of CEDAW among rural women and other members of the community in the Eight Districts of West Bengal and enumerate the extent of implementation of CEDAW among rural women in the state of West Bengal.” The key recommendations, inter alia, emerged from the study have been given below:-

- (i) While ensuring women’s participation, protection of their rights and entitlements in all social welfare programs, the processes should be transparent and clearly defined in a way where beneficiaries, who are in tremendous need, to be benefitted.
- (ii) Participation of women in local governance should be ensured in a manner not only as member but also create adequate space for them where they may able to participate in decision making process. Therefore, the legal provision under 73rd and 74th amendments needs to be revisited, strengthened and monitored from equality perspective.
- (iii) Women policies have been made at national and state level but opinion of the women living at rural and urban areas are broadly missing in such policy and program implementation. As this study has revealed that lack of information, awareness

and leadership qualities to change cultural attitudes towards women and their roles in various fields. Therefore, it is recommended that to make broad action plan on information, education and communication (IEC) that needs to be linked with every scheme / program of the Government as mandatory component for community sensitisation.

- (iv) Keeping in record of high anaemic situation among rural women, maternal and child nutrition centres need to be established at every Gram Panchayat, therefore budgetary allocation needs to be incorporated with annual health plans of the state and national level. These centres will not only ensure quality health rights but also mitigate gap on access to food and nutrition supplements.
- (v) A reasonable number of women perceived that government should focus on better service delivery mechanism particularly in rural areas, therefore it is recommended for better infrastructures to be developed to guarantee adequate access to facilities (like roads and transportation to ensure access to hospitals or health care centres, safe water and sanitation facilities, health education, better management of hospitals and health care centres, and qualified doctors, etc.) to guarantee the non-discriminatory access to health care by all women.
- (vi) Ensure women-friendly administrative procedures and single-window mechanisms where violence and women's rights are to be protected with highest priority, special attention to be given reformation of police administration. Women police personnel to be deployed proportionately not only at police stations but sub police stations located at Gram Panchayat level too.
- (vii) Area specific inclusive and integrated approach towards nutrition, health, agriculture, education and livelihood program planning and implementation needs to be prioritised in view of the poverty ratio and backwardness.
- (viii) Like NCRB, there are number of databases that have been kept by the Government for measuring the progress of different development programs. In few schemes where strong online management information systems in place. Keeping in line, a special MIS system can be developed only for women with all records and that to be weekly updated for public vigilance and even women beneficiaries too. This may help to monitor the programs particularly designed for the women.

- (ix) During focused group discussion with the respondents it has been explored that majority of the crime against women in rural areas are not reported to the police for several reasons including the social stigma being the most profound of all. Awareness campaign drive should be initiated by the State mobilizing the urban and local bodies to sensitize women to report crimes immediately. This also requires mass orientation with the help of public media reinforced by massive IEC based campaign. Conducive environment must be created to enable rural women to report each and every crimes to the police administration immediately.
- (x) For rapid social mobilisation from feminist perspectives, best practices and successful case studies of rural and urban women should be documented for wider dissemination. This will bring social acknowledgement, increase dignity, motivation and use such stories in the sustainable change in the society.
- (xi) Take necessary measures under legal framework to ensure the realization of women farmers' rights, adequate access to productive resources particularly land rights, relevant information, markets and technology.
- (xii) Like MGNREG Act, Nationwide Special program is to be designed for local governance structures for making mandatory provisions under appropriate act, that Panchayat and Urban local bodies should play key role in spreading awareness of legal rights of women and access to the information.
- (xiii) Create mechanisms to increase women's access to media and communication technology and support the training of media personnel to address core women issues under CEDAW lenses.
- (xiv) Initiate a process for development of appropriate indicators at local to state levels to facilitate monitoring and implementation of CEDAW.
- (xv) In spite of right to education act, 2009, low attainments and wide gender gaps at the upper primary and secondary stages of education are areas of concern. The challenge remains to improve the quality and relevance of the school system, and to integrate early childhood care and education with the schooling system. Actions to address the main determinants of persistent gender inequalities such as illiteracy, deprivation and stereotypical socialization patterns and adverse cultural practices will improve educational and other outcomes.

- (xvi) It is understood that discrimination and violence against women can be prevented by collective political will and influence policy and law enactments irrespective of any party, but due to lack of information and knowledge on the policy and legal issues, this process is still unattended. Therefore, strengthening the capacity of leaders including members of local self-governments, ministers, officers' and even civil society organisations is an essence of this time and also needs to shift their focus from typical welfare programs to implementation of existing policies and monitoring with a focus on the more disadvantaged women belonging to poor and weaker and other vulnerable sections of society.
- (xvii) Trafficking is a criminal offense therefore trafficking of adult persons and trafficking of children should be dealt with two separate laws to make more concentrative effort, especially for girl children.
- (xviii) Gender Budgeting should be made mandatory for all development programs / schemes before its implementation. In that case, women and girl children should be treated as direct and indirect beneficiaries in accordance to their needs and priorities.
- (xix) Only acts for prevention of sexual harassment and domestic violence is not enough, strict guidelines along with imposition of punishment against negligence from authorities should be ensured with specific timeframe to be set for disposal of such cases and strong monitoring mechanisms are also required.
- (xx) Free legal support to be ensured for socially and economically vulnerable groups and usage of laws concerning women and girls - the Protection of Women from Domestic Violence Act 2005, Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act 1989, Protection of Children from Sexual Offences Act 2012, Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013, Prohibition of Child Marriage Act 2006. Therefore, setting up 24 hour helpline for women needs help, establishment of one-stop crisis centres for women at Block level which would be responsible for providing immediate access to quality and free medical attention, psychological counselling, legal aid and other support services as may be required by the victim.
- (xxi) Mandatory provision may be made for all states to develop annual compliance report with the principles of CEDAW for public dissemination.

**(2) Research study on “Socio-economic condition of tribal female headed marginal and small farm households in Jhabua and Banswara district to identify the appropriate strategy for their empowerment: A comparative study”, undertaken by Indian Society for Applied Research and Development (ISARD), Laxmi Nagar, Delhi**

The study was sanctioned on 1<sup>st</sup> July, 2014 after approval of the Commission. The main objective of the study is “(a) to find out the socio-economic condition of tribal female headed marginal and small farm households in Jhabua (Madhya Pradesh) and Banswara (Rajasthan) and (b) to work out an appropriate strategy for their economic empowerment by identifying gaps”. The key recommendations inter alia emerged from the study have been given below:-

I. General :-

- (i) Voice of the Female Headed Farm Households (FHFH's) is to be heard by the State Governments & Ministry of Tribal Affairs.
- (ii) Appropriate & adequate measures are not taken by the government & others in ameliorating the poverty among tribal it is clear a case of manmade poverty for which all of us in the society excluding the tribals themselves are squarely responsible.
- (iii) Some NGO's in the state can educate the weak farm households about the prices for various crops as NGOs doing in Karnataka.

II. Government of India:-

- (i) There is need to undertake a similar study of FHFH'S in the predominantly tribal districts in other states to evolve a national policy for the tribal FHFH'S. NCW is the right choice for sponsoring such studies.
- (ii) Every alternate female headed house hold is a female headed farm house holder. There is thus predominance of small & marginal farmers sharing 81% of total ST female headed holdings. Thus, Government of India, Ministry of Tribal Affairs may undertake evaluation studies of these female headed farm holders belonging to small & marginal farm sizes in the light of findings of ISARD for evolving national policy.

- (iii) MGNREGA scheme is to be introduced in both the districts to arrest migration of tribals on continuous basis since there is no alternative for tribal households to earn income from other sources. Ministry of Rural Development has to examine this issue especially for tribal areas as special case.
- (iv) Krishi Vigyan Kendra (KVK) & Rajiv Gandhi Water Shed Mission already exists in both the areas but to what extent these are covered to raise rabi crops & other crops have to be looked into & examine them.
- (v) Cropping intensity in both areas needs to be improved for sustainable agriculture. Machine COBB evolved by KVK needs to be popularized in both areas & other parts of India too.
- (vi) Livestock development through supply of cows & buffaloes, goats needs to be expanded.
- (vii) Most of these tribal FHFH'S are unaware of several schemes & thus, Ministry of Tribal Affairs may get their schemes evaluated to study to what extent their schemes have percolated at grass root level & identify / rectify/ modify the schemes for the benefit of tribal FHFH'S.
- (viii) Access to inputs subsidized interests & market for their crops like cotton & soya bean are necessary to reduce their dependency on others.
- (ix) Literacy rate among these FHFH's is hardly 5%. Hence there is a need to convince these FHFH'S to send their children to schools. Dropout rate from schools is as high as 30% & is very significant among the girls. Ministry of Tribal affairs has to work in these issues for filling up the gaps.
- (x) National Agricultural policies & strategies in these states have not fully taken role of women as a farmer & as a beneficiary in to account. Both the states should bring out a separate tribal FHFH'S policy among small & marginal farms.

### III.State Governments:-

- (i) Madhya Pradesh:-
  - i. There is need to focus on the schemes implemented by State Governments on the tribal FHFH'S & identify them for their socio-economic empowerment.

- ii. Tribal Research Institute (TRI) at Bhopal may examine the central schemes & identify those schemes which benefit tribal FHH'S belonging to small & marginal farms for their economic empowerment.
- iii. To arrest migration on continuing basis MGNREGA Scheme & Water Harvesting Schemes need to be undertaken to improve ground recharge. Such schemes may improve irrigation during rabi period & reduce school dropouts of children.
- iv. There is a need to look into the problem of Rural Housing Scheme that why they have not percolated to these households. Ministry of Rural Development Scheme of providing rural housing has to be extended by the State Government.
- v. There is a gap in female literacy among ST households. Government of M.P. is to take action to provide educational facilities by available central schemes.
- vi. Despite Right to Free & Compulsory Education of 2009, Act, dropout of school children at primary school level was observed in the tribal districts of Jhabua & Alirajpur. There is thus a serious gap in the primary school education in the tribal belt of Jhabua district & also in the adjoining districts & these gaps are required to be bridged up by the respective governments.
- vii. Distribution of cycles for school going children by State Government would encourage education among them.
- viii. There is a demand in both the areas for proper functioning of ANM's etc. The vacancies at PHC's are to be filled up by the state govt.
- ix. The fact of water potability has to be checked by the state govt. of M.P. Ministry of Drinking Water & Sanitation about this scheme of providing drinking water covering these areas.
- x. There are huge gaps in providing rural sanitation. State Govt. Of M.P. has not implemented the scheme of rural sanitation properly under the Ministry of Drinking Water & Sanitation in rural areas.
- xi. State Govt. should emphasize the importance of skill formation & development programs for the benefit of the FHH'S tribal women.
- xii. The existing rate of widow pension is to be raised. Preference may be given to these FHH'S in different schemes under implementation by the state government.

- (i) Rajasthan:-
- (i) Tribal Research Institute at Udaipur may examine the central schemes & identify those which benefit tribal FHFH'S belonging to small & marginal farms for their economic empowerment.
  - (ii) To improve farm income ongoing lift schemes & minor irrigation schemes need to be completed.
  - (iii) There is a need to look into the problem of rural housing schemes that have not percolated to these households. Ministry of Rural Development scheme of providing rural housing has to be extended by the State Govt.
  - (iv) The State figure of female literacy was 44% covering all ST households and literacy rate among male members of the FHFH'S according to survey was more than 60%. The all India figure among female literacy was 42%. Thus there is a gap in female literacy among ST households in the State.
  - (v) There is a serious gap in primary school education in tribal belt of Banswara district & also in adjoining districts. Despite special schemes for the tribal areas in providing educational facilities, the gaps still exist & need to be bridged to some extent by the State Govt.
  - (vi) Distribution of cycles for school going children by the state govt. would encourage the children among these tribal FHFH'S.
  - (vii) Lack of medical facilities force these households opting for deliveries at home with untrained tribal midwives. State Govt. has to fill up the vacancies & put the sub centers into operation.
  - (viii) There is a need to make Water facility available on sustainable basis by implementing ministry of drinking water & sanitation scheme by state govt.
  - (ix) There are huge gaps in providing rural sanitation. State govt. of Rajasthan may implement the scheme of rural sanitation properly under the Ministry of Drinking Water & Sanitation in Rural Areas.
  - (x) State Govt. should emphasize the importance of skill formation & development programs for the benefit of the FHFH'S tribal women. SHG's may be encouraged & identify such schemes.

- (xi) The existing rate of widow pension is to be raised. Preference may be given to these FHFH'S in different schemes under implementation by the State Govt.
  - (xii) There is also need to supplement income of tribal FHFH'S by supplying cows, buffaloes & goats. Rajasthan govt. may identify scheme for supplying the same.
  - (xiii) Non-Financial inputs in form of awareness, knowledge, skill training & marketing knowhow, etc. by SHGs should be treated as an integral part of the program for these FHFH'S to their economic empowerment.
  - (xiv) Proper road Communication is demanded by many of these tribal FHFH'S & state govt. has to address their grievances.
- (IV) Local Self Government:-
- (i) Sarpanchs are aware about the local problems so they should be involved in the beneficiary scheme of the FHFH'S.
  - (ii) Tribal Panchayat should also help in the upliftment of FHFH'S as many of the conflicts amongst the tribal community are settled by them. There is also need to involve local elders to dissuade such expensive marriages so that debt burden is reduced.
- (V) Other Agencies i.e. NGOs etc.:-
- (i) Generally NGO's are motivating tribals to form SHGs by organizing training programs, awareness programs about govt. programs. Some NGOs are implementing women empowerment programs from the support of donor's agencies to improve the health condition including nutritious & other hygienic factors. These NGOs may be involved by paying more attention for the FHFH'S.
- (3) A Study on “Violence against Dalit Women in different States of India by studying the sources of materials that are available and conducting interviews of perpetrators, victims and witnesses”, conducted by Centre for Alternative Dalit Media (CADAM), New Delhi**

The study was sanctioned on 21<sup>st</sup> November, 2013 after approval of the Commission.  
The main objectives of the study are (a) To examine the nature and extent of violence

against Dalit women in cases of witchcraft allegation (b) to explore and analyze the immediate causes / factors of such violence against Dalit women (c) to analyze the debilitating effect of these customs and practices on women's psychological and socio-economic well being (d) to analyze the role of the family / community caste panchayat and enforcement machinery in preventing / abetting these practices and (e) to examine the policy level initiatives. The key recommendations proposed by the organisation at various levels for action are given below:-

(I) Central Government:-

- (i) The Union Ministry of Women and Child Development should organise a national consultation to develop an Act to provide for more effective measures to prevent and protect the women from witch hunt practices and to eliminate their torture, oppression, humiliation and killing by the society by trial of offences related to witch hunt practices and providing for punishment and, for the relief and rehabilitation of women victim of such offences and for any other matters connected therewith or incidental thereto.
- (ii) Considering the continuation of incidence of violence against women, there is need to allocate budgets for Dalit, minority and Adivasi led NGOs so that awareness programmes and campaigns are conducted to aware people about the debilitating psychological and economic impacts on women who are made victim of accusations of being a witch.
- (iii) Special budget for adult education curriculum in the regions in order to engage women in understanding the reason of death and disease that are attributed to women accusing them of being a witch. Adult education should be incentivised for ensuring participation of all illiterate women in order to ensure that that they are not vulnerable to suggestions of those who are prone to make unscientific prescriptions. ASHA should be trained in preventing false accusations reporting on it rapidly to health personnel.
- (iv) Support awareness programmes for eliminating witch hunting to alter the deep-rooted value system of patriarchy that discriminate and subordinate women. There is also need for organising padyatras. NGOs and media have an important role to play in disseminating awareness and advocacy to change such defective value system from society. Central Government needs to create

a mission mode programme for ensuring zero report on the incidence for witch hunting through social audits conducted by reputed Dalit, Adivasi and women organisations.

- (v) Ministry of Panchayat Raj should be creating special budget for training of the panchayat leaders in handling the reports on witch hunting and taking all preventive measures in order to ensure zero incidence of witch accusation related violence on women. Panchayat level training module should be made for step by step communication and action patterns for the accusation of witchcraft for women.
- (vi) Central Government should declare Dr. B. R. Ambedkar Social Justice Award for Sarpanches who ensure zero incidence of the witch hunting and caste based atrocities and discrimination. Indicators for award should include specific activities and its frequency targeted for eliminating violence of SC, ST, minority's men and women who are accused of witchcraft or casting evil spell.
- (vii) The study has shown that witch hunting violence is not formally recorded in many cases. There is a need to address the issues rapidly through seeking report through social audits on the instance of cases where police did not report the cases. Accountability needs to be affixed and due action needs to be taken against negligence of duty. Violence against women through witch hunting cannot be condoned.
- (viii) Ministry of Human Resource Development should be ensuring opening Department of Psychology in all the colleges in order to ensure availability of Clinical Psychologists at block level hospitals. University Grant Commission should be mandated for a targeted introduction of Department of Psychology across the universities in order to generate human resource for addressing the issues of psychological damage that are generated from widespread practice of caste based discrimination, untouchability and violence against SC and ST women.
- (ix) In the interim, NRHM should have component for time bound training of all the health workers specially ASHAs at the village level in order to ensure that mental illness issues are reported objectively and due psychological and psychiatric assistance is provided to cases reported by the ASHAs.

### (II) State Government:-

- (i) The study reveals that in Nalanda district of Bihar only 44.7 % households have their own hand pumps followed by Rohtas 52 % Nawada 72 %, Jahanabad 23.1 %. Therefore, the state government should taken immediate steps to install hand pumps and supply pipe water in Dalit habitations of these districts to resolve drinking water problem.
- (ii) In Odisha state of Koraput district only 16 % Dalits have access to local hand pumps followed by Gajpati 36 %, Sonepur 56 %. It was also found that the Dalit women are subjected to violence and atrocities while fetching water from a distance source owned by dominant caste. Therefore, it is recommended that the government of Odisha should supply drinking water immediately in those districts. This will contribute in reducing the violence against women.
- (iii) In Dumka district of Jharkhand only 36 % Dalits and Adivasi households have access to local hand pumps followed by Giridih 20 %, Hazaribagh 27.1 % and Deoghar 36 %. Therefore, the government of Jharkhand should supply drinking water to these districts immediately.
- (iv) The study revealed that the incidence of witch is highest in Odisha followed by Jharkhand and Bihar in the last 10 years. Therefore, there is need of organising awareness in Odisha on these issues for spreading awareness.
- (v) Special budget should be sanctioned for training the police station heads who would be implementing the laws in order to eliminate the violence on women as a result of accusations of being a witch.
- (vi) Report on the implementation of laws through social audit should be made mandatory with social audits conducted through engaging Dalit, Adivasi and minority led NGOS in order to ensure more organic engagement with the Dalit, Adivasi and minorities where most of the incidence of witch hunting has been reported.
- (vii) Budget for special training of police and Welfare Department Personal, and NGOs working for prevention of witch related atrocities should be allocated.

- (viii) Panchayat level health education trainings should be conducted reaching SC, ST and minorities in order to let them be aware on the scientific understanding of the physical and psychological health and encourage prevention of evil practices though apply their energy for more constructive purposes.
- (ix) Organizing women's groups, community or sanghas at village level to enhance the self-confidence and economic independence of vulnerable women.
- (x) Government should make strong Anti-witchcraft laws and penalties to combat the situation while implementing the existing laws. The Features of the new laws should have punitive actions for police officials who are not lodging FIR on witch violence.
- (xi) Women accused of being a witch should be encouraged to file defamation cases against those who are accusing women of being a witch.
- (xii) Without compromising through sorting out cases, punishment should be given for those engaging in violence against women through giving force feeding them excreta and urine for three years for those engaged in violence. All the applicable legal provisions should be applied to the perpetrators of violence against women accusing them of being witch.
- (xiii) Copies of laws against witchcraft should be made available to all panchayats and these should be available with all the police stations.
- (xiv) Special budget should be given to police stations for travel related to violence against SC, ST women that are reported.
- (xv) Police officials and panchayat leaders not delivering justice should be punished.
- (xvi) Social and economic losses and psychological damage should be compensated by the State.
- (xvii) Government should aim to enforce free universal (at primary, secondary and tertiary levels) female education. There is need to introduce the subject of witchcraft in school textbooks to raise awareness among school children about the ancient practice of witch hunting based on superstitious beliefs, so that it can eventually be discredited and eradicated.

- (xviii) School based programme for science and health education with innovative use of communication engaging children so that children become defender of women rights against all kinds of violence.
- (xix) Government should formulate employment policies and opportunities to enable women to participate in the labour market for gainful occupation in all sectors, formal and informal. There should be special focus on SC, ST and Minorities.
- (xx) Government should provide health facilities to all, whereas women's access to health services needs to be expanded and improved. They should also aid traditional healers/Ojhas learn about the benefits of modern healthcare and sensitize them in favour of modern means of diagnosis. National Rural Health Mission should have special component budget for health education among SC, ST and Minorities.
- (xxi) Mental health assistance for all should be made available at the block level with creation of permanent posts of Psychiatrists assisted by Clinical Psychologists and counsellors considering the fact that system of neurotic and psychotic disorders are attributed to invisible entities while ignoring the psychoneurotic side of the symptoms.
- (xxii) Stringent laws that prevent discrimination against women belonging to SC, ST and Minorities should be enforced.
- (xxiii) Government has to introduce affirmative action programmes in the fields of education, health and employment.
- (xxiv) Strategies need to be formulated to address the root causes of witch-hunting, which would help other non-political organizations working in this sector.
- (xxv) The judicial system should be sensitive to the plight of women. Free legal aid should be provided to the poor and needy women. NGOs should also provide such legal aid to those women who have fallen victims to abuses on charges of alleged witchcraft practices.
- (xxvi) Government should raise the quota system for women in all tiers of government for their socioeconomic uplift.

(III) Local Self Government:-

- (i) Panchayat leaders should be ensuring delivery of justice through due punishment as per the law for those engaged in the violence against women accused of being a witch.
- (ii) All social groups should be encouraged to ensure that accusations are not made for women.
- (iii) Panchayat leaders being responsible for the development of panchayat should be alert to the signs and information on the potential perpetrators in order to prevent the incidence of violence.
- (iv) Panchayats leaders should be encouraged to travel through the panchayat once a week in order to ensure information and news on the potential perpetrators is not ignored. Strategy should be contradicting the accusation at the right time so that violence on women as a result of accusation does not take place and those making the accusation are shamed and educated on the correct reason for death and illness through post mortem and scientific investigation.
- (v) Mandatory post mortems should be ensured for the deaths that are attributed to witchcraft in order to debunk the idea that death could be related to witchcraft or some magical influence.
- (vi) Panchayat leader should be trained for identifying the special health related problems so that they are aware of the psychiatric and psychological condition of women and men whose conditions are wrongly attributed to magic, witchcraft and so on.
- (vii) Panchayat leaders should be made aware that psychological and psychiatric conditions are developed due to various factors and due to ignorance on the aetiology of diseases, there are instance of unscientific diagnosis. Medical and Mental Health professionals including Psychiatrists and Psychologists need to be engaged in health training of the panchayat leader, ASHA, ANM, ICDS workers, primary school teachers and other community based who have public responsibilities.

(IV) Measures to be taken by Police for Prevention & Protection of Women: -

- (i) When a police officer receives any information or a report that witch hunt is likely to be committed or there are reasonable grounds to suspect that witch hunt is committed against a woman, shall forthwith proceed to the place and shall take all suitable measures to prevent the witch hunt and to provide protection to the woman including getting her admitted in the recognized protective or shelter home, in case the woman has no place for such shelter.
- (ii) The police officer shall immediately remove or cause to remove the person and the objects expected to harm the woman. The police officer shall verbally or in writing warn the person or persons accused of having intention or attempting at committing witch hunt against the woman to leave the place immediately and abstain from inflicting any harm upon the woman.
- (iii) In case the situation warrants the police officer may cause arrest of the person or persons and take action in accordance with section 151 of the Code. The person so arrested shall be produced before the executive Magistrate of the area who shall proceed under section 107 and section 116 of the Code.
- (iv) Whenever offence against the woman under the Act is reported to the police officer, in whose jurisdiction the offence is committed, the officer concerned shall record the FIR and shall take suitable action as per the law.
- (v) Whenever such incident is reported to the police officer not belonging to his jurisdiction, the officer shall immediately inform the police officer concerned and also send the copy of the written complaint, if available, for further necessary action.

(V) Other Agencies:-

- (i) NGOs and civil society should provide special skills training to women accused of being a witch who have no access to productive resources and education. Income generating activities need to be expanded to such women in order to let them recover rapidly from the psychological damage experience through violence.

**(4) Research Study on ‘Gender consequences: Understanding sex trafficking in the context of armed conflict in North East’ conducted by Indian Institute of Technology (IIT), Guwahati**

The study was sanctioned on 22<sup>nd</sup> February, 2011 after approval of the Commission. The main objectives of the study were (a) to understand the relationships if any between armed conflicts, women’s lives and sex trafficking in the north eastern state of Assam (b) the research sought to identify whether armed conflicts have a gendered effect on Assam society and whether armed conflicts from potential trigger-factor of such large-scale trafficking of women and children in Assam (c) to understand the value systems among different groups, beginning with the community and family attitude, as well as of the government and civil society machineries towards gender roles and relations, in general, and trafficking of women, in particular, in order to find if such value systems add to women’s vulnerability to trafficking and (d) attempt to document the strategies women build creating agencies for themselves to counter such vulnerabilities and the result of such strategies. In this context the study will also look at how much of state sponsored schemes and policies do women use to counter gendered vulnerabilities created in situations of armed conflicts especially regarding vulnerability of trafficking. Some of the recommendations proposed by the institution are given below:-

- (i) Several organisations in the region are working to reduce the level of militarization of India’s North-East. Militarization has to be addressed to bring in stability and development which can help combating in the long run.
- (ii) Poverty has to be addressed in its multi faceted form.
- (iii) Vigorous campaigns have to be undertaken to bring in gender equality in all aspects of women’s lives.
- (iv) Awareness regarding gender equality and trafficking has to be created in a rigorous manner.
- (v) Implementers of anti-trafficking programmes have to be sensitised to the needs of trafficked women.
- (vi) In all policies and packages addressing post conflict situations women have to be made an integral part starting from decision making to implementation of the policies and packages.

- (vii) Women headed households have to be given special thought.
- (viii) The rate at which the perpetrators are convicted and prosecuted is very slow which also encouraged the traffickers to lure more girls into this business. Therefore, the law enforcing machineries and the legal system in India needs to be amended.

### **B. RECOMMENDATIONS EMERGED THROUGH SOME OF THE SEMINARS/ WORKSHOPS/ CONFERENCES**

1. **A National Consultation on “Surrogacy Issues” was organized by National Commission for Women with technical support from UN Women and UNFPA on 15<sup>th</sup> October, 2015 at Vigyan Bhawan, New Delhi.**

The consultation was organized primarily with an objective to inter alia examine the proposed Assisted Reproductive Technology Bill of Ministry of Health and Family Welfare to ascertain whether it safeguards the rights of women and children and to deliberate on socio – economic strategies to address the exploitation of surrogate mothers. The consultation was chaired by Smt. Lalitha Kumaramangalam, Hon’ble Chairperson, National Commission for Women. The consultation was attended by representatives from Ministry of Health & Family Welfare, Ministry of Home Affairs, Ministry of Women & Child Development, NHRC, NCPCR, ICMR, Legislative Department and representatives of State Women Commissions, Department of Health & Family Welfare of the States, State Women & Child Departments, women rights activists from Nepal, other experts, civil society representatives, medical practitioners and lawyers etc. Some of the main recommendations emanating from the consultation are as follows:-

#### **A. General Recommendations:-**

- (i) There is urgent need to revisit issues around surrogacy i.e. to ban or regulate in systematic manner, with effective implementation. The rights of the surrogate mother should be suitably incorporated and conveyed in the preamble of the ART bill.
- (ii) A section of the participants supported and recommended that commercial surrogacy for foreign/OCI/NRI couples should be banned. Others however, were of the view that this will be discriminatory.

- (iii) Rights of single women needed greater attention and must be brought under the ambit of the ART Bill.
- (iv) Penal provisions and punishments to be laid in detail along with the authority for enforcing the same.
- (v) The idea of 'surrogacy' based on patriarchal premise of 'a woman bearing biological child is the most important duty of a woman', needs to be challenged and revisited. Infertility as social stigma should not be promoted. 'Child' bearing and rearing may be promoted as an informed choice of individuals rather than a social compulsion to adhere to norms or requirements. Women's right of reproductive choices must be safeguarded.
- (vi) Infertile couple or single women with certification from credible, well defined authority may be allowed under the Bill. The authority/agency to certify the need for surrogacy may also be defined under the draft Bill.
- (vii) Adoption should be the first option which may be promoted.
- (viii) Strong legislation against encouraging medical tourism for surrogacy and graded defined punishment for the same may be incorporated in the Bill.
- (ix) Infertility to be included in the National Health Mission (NHM) agenda for early detection and prevention of the issue. Infertility treatment should be available at the primary level.
- (x) Certain standards of care need to be laid for antenatal and postpartum care of surrogate mothers especially not to be treated as patients restricted in hospital settings during pregnancy.
- (xi) The mechanisms to address complaints in order to resolve them in timely, appropriate manner should be clearly laid. The Safeguards should be well defined in the Bill so that it restricts exploitation or unethical practices.

**B. Issues related to the child/commissioning parent with regard to surrogacy:-**

- (i) The ART (Regulation) Bill, 2014 to draw linkages with Juvenile Justice Act, Section 112 of Indian Evidence Act, Guardianship and Wards Act and other related legislations, in order to avoid contradictory provisions.

- (ii) The issue of breast feeding a child for at least six months is not addressed under the present Bill. The concerns must be examined and suitably incorporated.

**C. Issues concerning Surrogate mother:-**

- (i) Access to information for informed consent may be well defined. The provision for counselling and appropriate agency responsible for certifying the same may be included.
- (ii) Consent of the spouse of the surrogate women is against rights of women. Widow, unmarried or separated/destitute women may all be covered under the proposed Bill.
- (iii) The provision for maternity leave for surrogate and commissioning mother is required.
- (iv) Need to strengthen sections relating to insurance cover for postpartum and longer period impact. The authority for implementing the insurance to be clearly specified.
- (v) The insurance is not clearly defined, especially in cases of premature termination of the pregnancy. Therefore, the matter may be addressed in the Bill.
- (vi) The Commission supported adequate compensation to surrogate mothers.

**D. Specific recommendation related to the provisions of the ART Bill 2014:-**

- (i) The **section 59(19) (a)** of the draft ART Bill 2014 regarding written consent of surrogate mother's spouse should be deleted.
- (ii) The **Section 48(6)** of the draft ART Bill 2014 which provides for '*collection of gametes from person whose death is imminent shall be permissible if spouse intends to avail a child through ART*' raises concerns on using Embryos post death of partner. The clause raises concerns on succession rights of the child as post death of either parent the child born may not be able to revive succession rights and therefore cannot claim to be legitimate child. Therefore, Succession needs to be looked at in the Bill more comprehensively.
- (iii) **Sections 60, 61, 62 of the ART Bill 2014** to be re-examined in light of issues concerning Parentage of the child in surrogacy. **Section 62(1)** provides for root

search by surrogate child on reaching the age of 18 years. The authority for maintaining the information and facilitating the same along with appropriate services like counselling for such cases may also be addressed.

- (iv) **Section 46(4)** related to the Duty of bank i.e. to provide colour - height-weight information to commissioning couple may be rephrased.

The copies of the report have been forwarded to the Ministry of WCD and other concerned departments for necessary action on the recommendations in the report.

## **2. The National Commission for Women organized a Consultation on “Expanding Opportunities for Women with Disability” on 2<sup>nd</sup> December, 2015 at Vigyan Bhawan, New Delhi.**

The consultation provided a platform to examine the Legal framework viz a viz the provisions for safeguarding the interest / inclusiveness of women with disability and also to highlight *the concerns related to mobility and accessibility, education and health of women with disability*. Recommendations and Key takeaways from the Consultation are listed below:-

- (i) Accessibility continues to remain one of the biggest challenges in key development areas of health, education and employment, as well as areas of transport and ICTs. Accessibility issues in rural areas deprive most Pwds from getting educated or trained in skills development, lack access to sanitation and healthcare facilities which contribute to their misery and dependence on others. This is especially relevant in the case of Wwds in rural areas though Wwds in urban cities also have similar accessibility issues with main areas of concern being in the form of inaccessible transport, structural barriers, inaccessible toilets and sanitation facilities.
- (ii) The Accessible India campaign will address these issues and ensure universal accessibility for Pwds in line with provisions of the UNCRPD. The campaign aims to promote an inclusive society for Pwds where they enjoy fundamental freedom and right to live with dignity, as empowered, contributing members of society.
- (iii) Creating awareness and sensitizing stakeholders in various sectors towards

the challenges of Wwds must be prioritized. It is crucial in addressing core areas of concern that include but aren't limited to:-

- a) Reproductive rights and healthcare.
  - b) Protection of Wwds from sexual assault, rape and other crimes.
  - c) Legislative reforms where necessary.
  - d) Enforceability of existing provisions and legal frameworks through penal action.
  - e) Sensitizing and training police personnel to handle cases involving Wwds with care.
  - f) Inclusive and accessible education, transport, healthcare etc.
  - g) Empowerment Wwds through vocational training and skills development.
- (iv) The Rights of Persons with Disabilities Bill, 2014, provides for a separate chapter on Wwds and children with disabilities and contains penal provisions which ensure enforceability of legal provisions made for their benefit.
- (v) A twin-track approach to include women and girls with disabilities in general provisions but also dedicate special provisions to their protection as required by Article 6 of the CPRD and as requested by the Standing Committee. Also, recognize that Wwds are subject to multiple discrimination and hence amendments to Chapter II, clause 3, sub-section 2.
- (vi) Grassroots intervention through community-based sensitization programmes and awareness campaigns need to be increased in order to address social and cultural barriers and stigmas faced by Wwds.
- (vii) Increased reservation and representation of Wwds can immensely boost their cause as well as help mainstream disability.
- (viii) Develop guidelines and policies for state and national level implementation for the effective inclusion of Wwds.
- (ix) Evaluate the issue of mental illnesses i.e psycho-social disabilities in the context of legal definitions.

- (x) Explore possibilities of creating a convergence mechanism by means of inter-departmental and inter-ministerial coordination that will ensure the effective implementation of disability schemes across all sectors.
- (xi) Explore intervention strategies used in the International community for the inclusion of Pwds and Wwds with an aim to bring social and cultural shifts in the approach towards them.

The copies of the report have been forwarded to the Ministry of WCD and other concerned departments for necessary actions on the recommendations in the report.

**3. A National Dialogue on “An Equal Space: Gender Parity in the Media and Entertainment Sector” was organized by National Commission for Women in collaboration with Ministry of Information and Broadcasting and ASSOCHAM on 24<sup>th</sup> August, 2015 at Hotel Hyatt Regency, New Delhi.**

During the dialogue the current situation and barriers faced by women in the entertainment industry especially in Technical, Creative, Human Resources fields of various mediums was widely discussed and policy recommendations for addressing the issues like wage disparity, access to resources etc. were suggested. Some of the key recommendations of the consultation are as follows:-

- (i) It is crucial to provide access to promising women in the industry for self-independence and financial autonomy at the institutional, as well as policy, level in order to envision gender parity.
- (ii) In addition to creating an enabling environment for women, men should encourage women to take up opportunities for their self-growth and economic empowerment.
- (iii) There is a pressing need to involve women in the decision-making processes, both at industry level as well as policy level. The rights and welfare of women workers should be given prime importance and addressed in the most holistic way.
- (iv) The competitive world now recognizes merit, thus, girls should be encouraged to pursue education and take up formal trainings which will be useful for them

in their professional growth and eventually their economic empowerment. Opportunities should be created through technical training and skilling centres for women to aid in increasing the turnout of more technically-skilled professionals, for instance editors. Training institutes should be set up to provide technical skill courses with proper practical exposures and technical knowledge useful in their field.

- (v) Provide financial assistance in the form of loans/subsidies and security to the women workforce associated in any form with the media and entertainment industry. Organisations and forums must be encouraged to support and voice the concerns of women technicians.
- (vi) A sustainably changing ecosystem of gender parity, equal wages and ready acceptance to equally profitable outputs delivered by women is the need of the hour. Hygiene continues to be an issue plaguing women, thus, washroom/ utility and sanitation facilities must be enhanced for women reporters on various beats.
- (vii) There is a need to create a socially-inclusive environment that will focus on entertaining both men and women audiences alike and simultaneously cater to breaking cultural and traditional gender biases in society. Policy-makers must support and safeguard the interest of women working in the industry.
- (viii) A module should be devised to address safety constraints of women in Media, including no time-bound duties, odd working hours and workplace conditions. The dual responsibilities of women in most circumstances compel them to work harder and deliver equal outputs, yet they receive little to no appreciation, and the credibility of their outputs is doubted. Sensitising men about the issue and concerns of women is a necessity for the empowerment of women at work.
- (ix) An area that requires rigorous enhancement is health care and insurance for women cine workers. Owing to early age of retirement or drop outs between the age of 30-35 years, there is a need to secure their future and provide financial support for women post retirement from work, irrespective of age or nature of job in the media and entertainment industry.

- (x) To achieve gender parity and equal participation of women workforce in media and entertainment industry, emphasis should be laid on providing them trainings, encouraging a workplace environment free of threats, and fears of harassment and exploitation of any kind.
- (xi) Women should work on developing their personality in order to gain command over characteristics like confidence, resource sharing, networking and negotiations that are essential in the present day competitive scenario. Persistence is crucial in gender development and parity at workplace in the sector.
- (xii) There is a need for debates and discussions at national and international forums to target behavioural change to improve perceptions and modify the mindsets of people in society that prevented women from practicing autonomy in its real sense.
- (xiii) There are a range of issues and specific areas that have not been formally discussed at official forums. There is a need to improve the number and quality of training courses related to media and film making at reputed institutions.
- (xiv) Measures need to be adopted to rectify the shortcomings in the proper execution of the Cine-Workers and Cinema Theatre Workers (Regulation of Employment) Act, 1981, which will prove beneficial for cine workers. Besides framing special policies for women, campaigning for awareness building about legislative provisions and safeguards for protection of women cine workers needs to be worked on in partnership with the Media and Entertainment Industry.
- (xv) Media houses should recruit more women and adopt measures such as incentivization and provide them a safe and encouraging working environment in order to achieve gender parity in the industry. There is also a need to treat women with respect and dignity and stringent law enforcement mechanism to check harassment and subsequently penalise offenders.

**4. Seminar on “Interstate coordination on Anti-human Trafficking of girls and Women” organised by Orissa State Commission for Women sponsored by National Commission for Women.**

The seminar was organized with a purpose of developing mechanism for anti human trafficking of women and girls with Orissa and other neighboring States. The major recommendation emerged from the seminar are given below:-

### I. **Community:-**

- a. Identity the vulnerable families specially the girl children and young adults.
- b. Develop a safety net within the community to prevent trafficking.
- c. Keep a vigil on strangers/ new comers in the local area specially those who visit frequently.
- d. Empower the different stakeholders on trafficking issues e.g. Members of Panchayat / Municipalities / Gram Sabha, Teachers, Local eliter, Community leaders, doctors, youth clubs, SHG members, women groups, police etc.
- e. Create an environment and welcome the victim back home and help them to reintegrate.
- f. Not stigmatize the victim.
- g. Ensure that the victim goes back to their respective educational institutions.
- h. Arrange market oriented vocational training/skill development program for the victim's economic independence.
- i. Ensure needed health services required by the victims on return.

### II. **Role of Judiciary/Legal Services:-**

- a. Training of prosecutors on trafficking related issues.
- b. Ensure an expeditious trial.
- c. Link with police and ensure timely protection of witnesses, documents, expert reports, seized articles etc.
- d. Advise the police on legal aspects in investigation.
- e. Move the court for safety and security of the victim & link-up with police to ensure such safety.
- f. Move the court for stringent punishment against the offenders.
- g. Move the court to direct rehabilitative agencies for extending appropriate rehabilitation of the rescued persons.

- h. State Legal Services Authority and District Legal Services Authorities can be involved to generate awareness as well as expedite the prosecution of cases of trafficking and provide legal aid.
- i. Formulate legislation to regulate the placement agencies.

### **III. NGOs/CSO Network:-**

- a. Undertake baseline measurements and enforcing strong monitoring and evaluation that are critical for the interventions to actually reduce human trafficking.
- b. Organise anti trafficking festivals in rural areas to train and sensitise the police and other prosecution stakeholders.
- c. Work together to ensure post rescue rehabilitation of the victims in terms of providing them health care, education and other employment opportunities.
- d. Provide information for rescue of the victims to appropriate authorities.
- e. Assist in the process of rescue as witness and in segregating victims from the accused/traffickers.
- f. Provide counselling to the victims.
- g. Assist law enforcement officers interviewing the victim.
- h. Help empower the victims by different vocational options towards rehabilitation.
- i. Play the role of mediator between various stake-holders.

### **IV. Police/IAHTU:-**

- a. Intelligence collection of victims and offenders.
- b. Rescue of victims.
- c. Apprehend the offenders.
- d. Register crime.
- e. Conduct professional investigation.
- f. Ensure victim's rights.
- g. Production before court and CWC.

- h. Network with NGOs for counselling of victims.
- i. Record of the statements of the victims/witnesses u/s 161 & 164 of cr. PC.
- j. Take help of female police officers / social workers.
- k. Link up with other concerned departments such as missing person's bureau, Women and Child Development etc.
- l. Ensure prosecution of the case.
- m. Convergence with other stakeholders like judiciary, NGO, line departments etc.
- n. Create database by extensive research and putting mechanism in place.
- o. Analyse the reporting of cases under different IPC provisions and under different Laws.
- p. Ensure cooperation from local police on rescue operations.

### V. **Media:-**

Media reaches several hundred thousand viewers and should therefore serve the following important functions:-

- a. Transmit appropriate message to ensure that the victims learn that they are not alone.
- b. Create awareness on places and institutions where victims/survivors can seek help.
- c. Play an important proactive role. Investigators and police managers should capitalize on this. Targeted dissemination of the rights of women and girl children through the media would:-
  - 1. Empower the masses, especially the vulnerable sections.
  - 2. Increase their awareness and alertness to the various issues.
  - 3. Help them to come out of the 'culture of silence' and more towards a culture of 'zero tolerance'.
  - 4. Involve them in the processes of preventing and combating trafficking.
  - 5. Facilitate their wilful participation in addressing the violations.
  - 6. Provide intelligence on trafficker and exploiters.

- d. Authentication of data is a recurring issue for the media. Mostly, the media has to depend on the NGOs. The NGOs are unable to further the cases after a certain point of time. Media should engage with the NCRB, state women commission in this regard.
- e. Reporting ethically with authenticity and use of sensitive language has been a challenge for media. Hence, the media people can be provided with training to deal with such cases.

#### **VI. Role of State Commission of Women:-**

- a. Update websites of SCW and upload all important guidelines, procedures – e.g. SC order on Acid Attack case, how to get compensation, UP and Delhi Government orders, Victim Compensation Schemes.
- b. Play the role of ombudsperson and monitor the anti-trafficking structures. The SCWs can visit the IAHTU and monitor its functioning and provide suggestions for its effective functioning.
- c. Promote and facilitate IAHTU.
- d. Synergize stakeholders in post rescue care .
- e. Capacity building of stakeholders, joint training.
- f. Micro research by Universities: vulnerability mapping, push and pull factors, impact assessment, functional audit of agencies.
- g. Media awareness events.
- h. Prevention strategies: Involve all.

## Recommendations of National Commission for Women on Assisted Reproductive Technologies (Regulation) Bill, 2014

A National Consultation was organized by National Commission for Women with the technical support of UN Women, ICMR, Ministry of Women and Child Development, Ministry of Health and Family Welfare, Civil Society Experts, State Women Commissions and UNFPA on 15<sup>th</sup> October 2015. The Ministry of Health and Family, Dept. of Health Research had invited comments and suggestions vide notice dated 30.9.2015 from the stakeholders and general public for the proper regulation and supervision of Assisted Reproductive Technology (Regulation) Bill 2014. Therefore, the following comments/ suggestions are put forth:-

### Specific comments/suggestions:-

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
1.	Sec 2 (h) “commissioning couple” means an infertile married couple, who approach an assisted reproductive technology clinic or assisted reproductive technology bank for obtaining service’s that the assisted reproductive technology clinic or the assisted reproductive technology bank is authorized to provide;	A Proviso should be added which states the following: <i>“a woman who intends to parent is infertile in such a way that she cannot carry a pregnancy to term. Examples include a woman who has had a hysterectomy, has a uterine malformation, has had recurrent pregnancy loss or has a health condition that makes it dangerous for her to be pregnant.”</i>	i. The definition of ‘infertile’ has been cited in <i>Baby Manji Yamada v. Union of India &amp; Anr</i> (2008) 13 SCC 518 as held by the Hon’ble Supreme Court. ii. A Proviso should be added which interprets the meaning of the word ‘infertile.’
2.	Sec 2 (v) “infertility”, means the inability to conceive after at least one year of unprotected coitus or an anatomical or physiological condition that would prevent a couple from having a child;	The period should be changed from 1 year to 18 months	In today’s time, due to a gross imbalance of work-life ratio, it is essential to give a couple enough time to try and conceive a child themselves before engaging external aid.

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
3.	<p>Sec 2 (w)</p> <p>“Insurance” means an arrangement in which a company undertakes to provide guarantee of compensation to the family / nominee/ beneficiary of surrogate mother/ oocytes donor in case of death and the compensation of medical expenses incurred in case of medical emergency to the surrogate and oocytes donor themselves and in case of any complications that have arisen during pregnancy which are likely to continue for the rest of life of surrogate and oocytes donor;</p>	<p>“Insurance” means an arrangement in which a company undertakes to provide guarantee of compensation to the family / nominee / beneficiary of surrogate mother / oocytes donor in case of death and the compensation of medical expenses incurred in case of medical emergency to the surrogate and oocytes donor themselves and in case of any complications that have arisen during pregnancy <i>and after delivery</i> which are likely to continue for the rest of life of surrogate and oocytes donor <i>including sickness benefits or medical, surgical or hospital expense benefits, whether in-patient or out-patient travel cover and personal accident cover.</i></p>	<p>This definition should aim at being clear and precise and should be inclusive of all possible scenarios as well as inclusive of both periods of pregnancy and post delivery period.</p>
4.	<p>Sec 2 (zs)</p> <p>“surrogacy agreement” means an agreement between the commissioning couple availing of assisted reproductive technology and the surrogate mother;</p>	<p>“Surrogacy agreement” means an agreement between the commissioning couple availing of assisted reproductive technology and the surrogate mother and <i>it should be an agreement without consideration which is a promise to compensate, wholly or in part, the surrogate who has already done something for the commissioning couple.</i></p>	<p>Such an agreement falls under the ambit of Sec 25 (2) and can be enforced under the Specific Relief Act, 1963.</p> <p>It also aims at safe-guarding the interests of the parties. The surrogacy issue is similar to the case of <i>Dhiraj Kuar v. Bikramajit Singh (1881) I.L.R. 3 All. 787, 788</i> wherein the learned Judges observed, when a man promises to pay a woman a certain allowance in consideration of past cohabitation, it simply comes to this that he undertakes to compensate the woman for past services voluntarily rendered to him, for which no consideration would be necessary.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
5.	<p>Sec 22 (3) (d)</p> <p>A nominee of an National Commission for Woman – Member</p>	<p>A nominee of a National Commission for Woman – Member <i>and or State Commissions for Women</i> should also be included.</p>	<p>There is a need to involve the State Commission for Women to participate in such endeavors.</p> <p>It is at the State Level and should be handled at that level.</p>
6.	<p>Sec 44 (1)</p> <p>Any person aggrieved by the decision of the Registration Authority made under this Act may, within such period and in such manner and form as may be prescribed by the State Government, prefer an appeal to the State Board.</p>	<p>A specific time period needs to be specified and should not be ambiguous.</p>	
7.	<p>Sec 45. (1)</p> <p>Any person aggrieved by the decision of the State Board made under this Act may, within such period and in such manner and form as may be prescribed, prefer an appeal to the National Board.</p>	<p>A specific time period needs to be specified and should not be ambiguous.</p>	
8.	<p>Section 46(4):</p> <p>Either of the parties seeking assisted reproductive technology treatment or procedures shall be entitled to specific information in respect of donor of gametes including height, weight, ethnicity, skin colour, educational qualifications, medical history of the donor, including HIV/AIDS:</p>	<p>Related to the duty of bank i.e. to provide color, height and weight information to commissioning couple may be rephrased.</p>	

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
	<p>Provided that the parties shall not be entitled to specific information in respect of the individual identity, name and address of the donor</p>		
9.	<p>Sec 47. (1)  No assisted reproductive technology clinic shall perform any treatment or procedure of assisted reproductive technology without the consent in writing of all the parties seeking assisted reproductive Duties of assisted reproductive technology clinics and banks to 33 technology to all possible stages of such treatment or procedures including the freezing of human embryos</p>	<p>No assisted reproductive technology clinic shall perform any treatment or procedure of assisted reproductive technology without the 'informed' consent in writing of all the parties seeking assisted reproductive technology to all possible stages of such treatment or procedures including the freezing of human embryos.</p>	<p>There is a need to have an <i>informed</i> consent of the concerned parties because most often the surrogate mothers are from economically weaker sections of society and unable to read or write. Thus they are unable to understand the task that they agree to undertake. Therefore, it should be explained properly to them and her 'informed' consent should be taken.</p>
10.	<p>Sec 49 (5)  Where a multiple pregnancy occurs as a result of assisted reproductive technology, the concerned assisted reproductive technology clinic shall inform the patient immediately of the multiple pregnancy and its medical implications and may carry out foetal reduction after appropriate counseling.</p>		<p>It should be the duty of the assisted reproductive technology clinic to ensure that multiple pregnancies should not occur or chance of multiple pregnancies should be eliminated.</p> <p>The professional opinion of learned doctors should be taken on record.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
11.	<p>Sec 52 (3)</p> <p>The assisted reproductive technology banks shall obtain semen from males between twenty one years of age and forty five years of age, both inclusive, and arrange to obtain oocytes from females between twenty three years of age and thirty five years of age, both inclusive, and examine the donors for such diseases, sexually transmitted or otherwise, including HIV/AIDS as may be prescribed, and all other communicable diseases and conditions such as cardiovascular disease, thyroid problem etc. which may endanger the health of the commissioning couple, or any one of them, surrogate or child.</p>	<p>The age of the males should be changed from 25 years to 30 years.</p>	<p>At 21 years, the males are still too young and at an impressionable age. Some of them may use 'sperm donation' as a way to make quick bucks.</p> <p>At 45, the sperm count drops. Since we are demographically a young country, we have the availability of young donors.</p>
12.	<p>Sec 52 (8) (a)</p> <p>Oocyte donor shall be an ever married woman having at least one live child of her own with minimum age of three years and shall be allowed to donate oocytes only once in her life and not more than seven oocytes shall be retrieved from the oocyte donor.</p>	<p>This provision need to be re-examined from the point of view single women, restitute women and widows.</p>	<p>This section is discriminatory against other women who may be single, destitute or widows.</p>
13.	<p>Sec 52 (8) (b)</p> <p>The written consent of oocyte donor's spouse shall be required before she may act as oocyte donor.</p>	<p>The written consent of oocyte donor's spouse <i>may</i> be required before she may act as oocyte donor.</p>	<p>It should not be made mandatory and the word 'shall' should be replaced by the word 'may.'</p> <p>This saves both the institution of marriage as well as upholds women empowerment.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
14.	58. (1) Subject to the provisions of this Act and the rules and regulations made there under, the option of assisted reproductive technology, except option of surrogacy shall be available to all married infertile couple	This section needs to be re-framed.	This section is not clear whether surrogacy is made available to infertile married couple or not.
15.	<b>Sec 59 (6)</b> Appropriate formula and mechanism needs to be developed under Rules for payment of compensation to the gamete donor and to transfer the funds to the bank account of the gamete donor.	<ul style="list-style-type: none"> <li>i. <b>Surrogate mother may be considered as a skilled employee</b></li> <li>ii. <b>To establish a fair wage for surrogates, the minimum wage policy/ compensation policy as per Minimum Wages Act, 1923 will have limitations in addressing the biological and emotional labour in the transnational commercial surrogacy industry.</b></li> <li>iii. <b>The period to pay the compensation should be 12 months.</b></li> <li>iv. <b>In addition, following other specific factors also need to be considered, while calculating the formula;</b> <ul style="list-style-type: none"> <li>a. <b>Surrogate mother's health and life insurance</b></li> <li>b. <b>Child care and house-keeping costs if the surrogate is put on bed rest.</b></li> <li>c. <b>Psychological support to the surrogate, if needed.</b></li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>i. <b>The changes proposed in the adjacent column have already been sent to the Ministry of Women and Child Development on 10<sup>th</sup> April 2015.</b></li> <li>ii. <b>It was further brought to the Ministry's notice that such changes should be made in the 'Rules' and not the Act as amending the Act becomes very difficult.</b></li> <li>iii. <b>A surrogate mother should be considered a 'skilled' worker because she is a worker par excellence who implicates not only her body but also her sense of self, who can be considered capable for discharging her duties with responsibility.</b></li> <li>iv. <b>The period needs to be enhanced from 9 months to 12 months considering pre-natal and post-natal procedures and care.</b></li> </ul>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
		<p>v. Although there should be uniformity in payment but charging higher amount from NRI, OCI, and other foreigners seems justified to some extent.</p> <p>vi. Possible Formula = Minimum salary of a skilled worker per month X 12 months X 5 + cost of specific factors.</p>	<p>v. In India, the Minimum Wages Act, 1948 provides for fixation and enforcement of minimum wages in respect of scheduled employees. Further, there is no single uniform minimum wage rate across the country and this is not a routine job, the level of compensation should take into account other factors like health, emotional and psychological costs.</p> <p>vi. The doctors may tend to misuse/overcharge from NRI, OCI and other foreigners but the surrogate mother does not get her dues. Therefore, higher charges from NRI, OCI and other foreigners must float to the surrogate mother.</p>
16.	<p>Section 59(19) (a)</p> <p>The written consent of surrogate mother's spouse shall be required before she may act as surrogate.</p>	<p>Written consent of surrogate mother's spouse should be deleted.</p>	<p>i. The section has been quoted wrong by the R &amp; S Cell. The correct provision is Sec 60 (19) (a) of the said Bill and needs correction in the Report.</p> <p>ii. Mandatory requirement of consent of the spouse of the surrogate women is against rights of women. Widow, unmarried or separated/destitute women may also be covered under the proposed Bill.</p>

<b>S. No.</b>	<b>Section from ART (Regulation) Bill 2014</b>	<b>Suggestions Proposed</b>	<b>Remarks/ Justification</b>
17.	<p>Sec 60. (1)</p> <p>The couple commissioning surrogacy through the use of assisted reproductive technology, and the surrogate, shall enter into a surrogacy agreement which shall be binding on the parties.</p>		<p>Such an agreement must fall under the ambit of Sec 25 (2) and can be enforced under the Specific Relief Act, 1963.</p> <p>It also aims at safe-guarding the interests of the parties.</p>
18.	<p>Sec 60 (2) (a)</p> <p>All expenses, including those related to insurance if available, of the surrogate related to a pregnancy achieved in furtherance of assisted reproductive technology shall, during the period of pregnancy and after delivery as per medical advice, and till the child is ready to be delivered as per medical advice, to the commissioning couple, shall be borne by the couple commissioning surrogacy.</p>	<p>i. Insurance cover should be made mandatory and the commissioning couple should take it for the surrogate mother.</p> <p>ii. 'All expenses during the period of pregnancy and after delivery' the period must be specified and preferably till 3 months after delivery.</p>	
19.	<p>Sec 60 (2) (b)</p> <p>If there are any complications that have arisen during pregnancy (i.e. Gestational Diabetes, Chronic Hypertension etc.) which are likely to continue for the rest of her life then it shall be covered appropriately under insurance.</p>	<p>The term 'during pregnancy' is very vague.</p> <p>The term 'during pregnancy' should be inclusive of the time of delivery.</p>	<p>Making it clear at this point will be helpful at a later stage. There should be no ambiguity in law.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
20.	<p>Sec 60 (3) (b)</p> <p>Appropriate formula and mechanism shall be developed under Rules for payment of compensation to the surrogate mother and to transfer the funds to the bank account of the surrogate mother at different stages starting from signing of the agreement till the child/children is/are handed over to the commissioning parents.</p>	<p>i. To establish a fair wage for surrogates, the minimum wage policy/ compensation policy as per Minimum Wages Act, 1923 will have limitations in addressing the biological and emotional labour in the transnational commercial surrogacy industry.</p> <p>ii. In addition, following other specific factors also need to be considered, while calculating the formula;</p> <p>a. Surrogate mother's health and life insurance.</p> <p>b. Child care and house-keeping costs if the surrogate is put on bed rest.</p> <p>c. Psychological support to the surrogate, if needed.</p> <p>iii. Possible Formula = Minimum salary of a skilled worker per month X 12 months X 5 + cost of specific factors.</p>	
21.	<p>Sec 60 (5)</p> <p>Surrogate mother shall be an ever married Indian woman with minimum twenty three years of age and maximum thirty five years of age and shall have at least one live child of her own with minimum age of three years:</p>	<p>There is a condition on the women who want to be surrogate mothers.</p>	<p>The conditions should be specific and not ambiguous.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
22.	<p>Sec 60 (5) (b)</p> <p>provided that surrogate mother shall be subjected to maximum three cycles of medications while she is acting as surrogate mother</p>	<p>This provision is again ambiguous and it needs to be certain as to which '3 cycles' of medication are being referred to and over how long a period they need to be administered to the surrogate mother.</p>	
23.	<p>Sec 60 (6)</p> <p>Any woman seeking or agreeing to act as a surrogate shall be medically tested for such diseases, sexually transmitted or otherwise, including HIV/AIDS as may be prescribed, and all other communicable diseases and conditions such as cardio-vascular disease, thyroid problem etc. which may endanger the health of the child or children, and must declare in writing that she has not received a blood transfusion or a blood product in the last six months.</p>	<p>There should be a proper format of the declaration and it should be given at the end of the Act as a schedule.</p>	
	<p>Sec 60 (19) (a) of the said Bill</p>		<p>The clause raises concerns on succession rights of the child as post death of either parent the child born may not be able to revive succession rights and therefore cannot claim to be legitimate child. Therefore, Succession needs to be looked at in the Bill more comprehensively</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
24.	<p>Sec 60 (20)</p> <p>A surrogate shall be given a certificate by the commissioning couple who shall avail of her services, stating unambiguously that she is / has acting / acted as a surrogate for them</p>	<p>The certificate must be attested by at least two witnesses and it must be notarized by the Notary duly authorized by the Court.</p>	
25.	<p>Sec 60(21) (c) (i) (c)</p> <p>If Overseas Citizen of India or Citizen of Indian Origin or foreigner married to an Indian commissioning surrogacy fails to take delivery of the child or children born to the surrogate commissioned by the Overseas Citizen of India or Citizen of Indian Origin or foreigner married to an Indian, the local guardian shall be legally obliged to take delivery of the child or children and be free to hand the child or children over to an adoption agency, if the commissioned party or their legal representative fails to claim the child within one month of the birth of the child or children: (c) If Overseas Citizen of India or Citizen of Indian Origin or foreigner married to an Indian who commissioned surrogacy in India fails to take the custody of the child or children born then as per the insurance coverage</p>	<p>The well being and maintenance of the child or children till the age of twenty – one year's shall be taken care of by the Insurance Agency, whose further duty is to ensure that the Court appoints a guardian under section 7 of The Guardian and Wards Act, 1890 for such a child.</p> <p>The application for the guardianship of such a child shall be made to the District Court having jurisdiction in the place where the surrogate mother normally resides.</p>	<p>This ensures that the child is taken care of or accounted for, right from the initial period when he is considered to be abandoned by Overseas Citizen of India or Citizen of Indian Origin or foreigner married to an Indian who commissioned surrogacy in India and failed to take the custody of the child or children born.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
	signed at the time of agreement, the well being and maintenance of the child or children till the age of twenty – one years shall be taken care of by the Insurance Agency.		
26.	<p>Sec 60 (23)</p> <p>A commissioning couple shall not have the service of more than one surrogate at any given time.</p>	A specific punishment must be prescribed for violation of the provision and it should be declared an offence.	
27.	<p>Section 60 (28)</p> <p>The assisted reproductive technology bank shall act as a legal representative and mental health counselor of the surrogate mother and on behalf of her, the assisted reproductive technology bank shall fight any legal case, if arises, during the course of surrogacy agreement free of cost.</p>	The assisted reproductive technology bank shall act as a legal representative and mental health counselor of the surrogate mother and on behalf of her <i>the assisted reproductive technology bank shall engage a lawyer for the surrogate mother to fight any legal case, if arises, during the course of surrogacy agreement free of cost.</i>	The assisted reproductive technology bank in itself does not have the authority to act as a legal counsel and therefore, needs to engage one for the surrogate mother if the need so arises.
28.	<p>Sec 60 (30)</p> <p>Under the circumstances when the life of the surrogate mother is in danger at the time of delivery then the life of surrogate mother shall be protected over that of the unborn child and surrogate mother shall get the complete payment as agreed under the agreement under such type of condition.</p>	A specific punishment must be prescribed for such an act and it should be declared an offence.	

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
29.	<p>Section 60 (31)</p> <p>The minimum compensation to be paid to a surrogate mother by an Overseas Citizen of India, People of Indian Origin Cardholder, Non Resident Indians and foreigner married to an Indian citizen shall be different than the amount to be paid by an Indian commissioning couple.</p>	<p>The minimum compensation to be paid to a surrogate mother has been determined and the changes proposed have already been sent to the Ministry of Women and Child Development on 10<sup>th</sup> April 2015. (Please refer to Point 14 of</p> <p>Specific comments / suggestions of the Legal Cell)</p> <p>The amount should be inclusive of the complete pre-natal as well as post natal care. In addition, following other specific factors also need to be considered, while calculating the formula;</p> <ul style="list-style-type: none"> <li>a. Surrogate mother's health and life insurance.</li> <li>b. Child care and house-keeping costs if the surrogate is put on bed rest.</li> <li>c. Psychological support to the surrogate, if needed.</li> </ul>	<p>The action of 'fixing' a minimum compensation ensures that the surrogate mother is not exploited by the commissioning couple.</p>
30.	<p>Sec 61 (3)</p> <p>In case of married couple separates or gets divorced, as the case may be, after both parties consented to the assisted reproductive technology treatment but before the child or children are born, the child or children shall be the legitimate child or children of the couple.</p>	<p>The provision must state the further course of action and ensure the welfare of the child as per law.</p>	<p>This ensures that the welfare of child is secure and well taken care of.</p>

S. No.	Section from ART (Regulation) Bill 2014	Suggestions Proposed	Remarks/ Justification
31.	Sec 61 (7)  If Overseas Citizen of India, People of Indian Origin and a foreigner married to an Indian citizen seeks sperm or egg donation, or surrogacy in India, and a child or children are born as a consequence, the child or children, even though born in India, shall not be an Indian citizen but shall be entitled to Overseas Citizenship of India under Section 7A of the Citizenship Act, 1955.	This provision is overlapping with Sec 60(21) (c) (i) (c). In Sec 61 (7) we are not giving the citizenship to such a child and then in section 60(21) (c) (i) (c) we are appointing the Insurance Agency who will care for the well being and maintenance of the child or children till the age of twenty – one year.  Therefore, there is overlapping of laws and needs clarity.	
32	Section 62(1)  A child or children may, upon reaching the age of eighteen, ask for any information, excluding personal identification, relating to the donor or surrogate		The authority for maintaining the information and facilitating the same along with appropriate services like counseling for such cases may also be addressed.

**Issues related to the child / commissioning parent with regard to surrogacy**

1. The ART (Regulation) Bill, 2014 to draw linkages with Juvenile Justice Act, Section 112 of Indian Evidence Act, Guardianship and Wards Act and other related legislations, in order to avoid contradictory provisions.
2. The issue of breast feeding a child for at least six months is not addressed under the present Bill. The concerns must be examined and suitably incorporated.

**Issues concerning Surrogate mother:-**

- i. Access to information for informed consent may be well defined. The provision for counseling and appropriate agency responsible for certifying the same may be included.

- ii. The provision for maternity leave for surrogate and commissioning mother is required.
- iii. Need to strengthen sections relating to insurance cover for postpartum and longer period impact. The authority for implementing the insurance to be clearly specified.
- iv. The insurance is not clearly defined, especially in cases of premature termination of the pregnancy. Therefore, the matter may be addressed in the Bill.

## Human Trafficking (Prevention) Bill, 2016

An Inter-Ministerial Committee meeting was held on 17<sup>th</sup> February, 2016, wherein an updated copy of the draft Legislation on Human Trafficking was circulated to all the members. The draft legislation on Human trafficking Prevention Bill, 2016 was duly examined. Therefore, the following comments / suggestions / recommendations for the Human Trafficking Bill 2016 are put forth:-

S. No.	Section from Human Trafficking Prevention Bill 2016	Suggestions Proposed	Remarks/ Justification
1.	The title of the bill is "Human Trafficking Prevention Bill, 2016"	The title of the bill should be changed to, "Human Trafficking (Prevention, Prohibition & Rehabilitation) Bill 2016. act & to Rehabilitate the Victims.	The aim of the bill should not only be to Prevent Human Trafficking but also to Prohibit the
2.	Statement of Objects & Reasons	It is suggested that there A should be Statement of Objects & Reasons	review of the working of the Bill would indicate that much greater attention is required to be given to the survivors of trafficking, especially children & women.
3.	Sec 2 (1d) "Basic Material Support" means and includes education, health care, shelter, counseling and nutritional requirements".	" <i>Vocational training</i> " to be included in this definition	This definition should also aim in empowering & safe-guarding the life of the victim by helping them to restart their life independently.
4	Sec 2(1e) "Forced Placement" means any kind of placement of a person for the exploitative purposes with a promise of subsequent payment to another trafficker for the placement of the person on whom the trafficking is caused to writing off a debt already owed to another trafficker;	This definition should be Re-defined.	The present definition is Ambiguous & vague

S. No.	Section from Human Trafficking Prevention Bill 2016	Suggestions Proposed	Remarks/ Justification
5	Sec 2(1h)  "CODE " means the code of criminal procedure code, 1973	The term "CODE "should also include <i>Indian Penal Code 1860</i> .	
6	Sec 2(1l)  "Human Trafficking" means the offence as defined in section 370 of Indian Penal Code, 1860.  Explanation 1- the expression" exploitation: shall include any act of physical exploitation or any form of sexual exploitation, slavery or practices similar to slavery, servitude, or the forced removal of organs.	<i>"Human Trafficking" means the recruitment, transportation, transfer, harboring or receipt of persons (whether dead or alive) by means of threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over the another person, for the purpose of exploitation.</i>	In today's time not only a person who is alive is trafficked but even the dead are being used for grisly trade.
7	Sec 2(1l) (2)  Enhancement of punishment;  (a) If a person is convicted of the offence of trafficking of persons on more than one occasion, then such person shall be punished with imprisonment not less than 15 years but which may extend to imprisonment for life and with fine	This provision need to be re-examined,  <i>"Community Service"</i> where in it will evoke responsibility on the offender for his / her action along with the system of incarceration therefore funds raised from convict shall be deposited in the fund as mentioned under this Act.  Fine may be imposed up to Rs 50 lakhs.	Community service provides an opportunity for the offender to see first –hand the indirect injuries caused by his / her offence. Moreover, the offender is provided with a constructive, proactive means of repairing the injuries caused by his / her crime. It can also be a tremendous resource to government & non-profit organizations. The emphasis of community service is not only on punishment rather it is on accountability.  In our country punishment mostly is in the form to deter from committing crime, how

S. No.	Section from Human Trafficking Prevention Bill 2016	Suggestions Proposed	Remarks/ Justification
	<p>ever in the present situation the accused must not only be imprisoned but punishment should be in the form wherein it should retaliate to the victim's injury i.e., by providing financial assistance to the victim.</p>		
8	<p>Sec 2 (1p) Servitude means involuntary bondage;</p>	<p>It should also include the term "<i>Forced Labour</i>".</p>	
9	<p>Sec 2 (1q) "Sexual exploitation" shall include the exploitation of any person including forced prostitution, sex slavery, sex tourism and pornography. It also includes a situation where a person under coercion is explicitly portrayed either physically,</p>	<p>To include the term "<i>bestiality</i>" &amp; to exclude the term "<i>Forced Prostitution</i>".</p>	<p>To include all forms of un-natural sex, therefore the term <i>bestiality</i> is suggested.  The term "<i>FORCED PROSTITUTION</i>" is already in the ITPA &amp; it will overlap the legislations.</p>
	<p>or through any form of media including print, electronic, internet in a sexual manner, for the benefit of other person through monetary gains, or compensation, or favors ,or any other arrangement, causing unlawful gain as a result of such act to any person.</p>		

S. No.	Section from Human Trafficking Prevention Bill 2016	Suggestions Proposed	Remarks/ Justification
10.	Sec 2 (1u)  New Proposed Definition  "VICTIMS"	To define the term Victim,  <i>"Victims "mean persons who, individually or collectively, have suffered harm, including physical or mental injury, emotional suffering, economic loss or substantial impairment of their fundamental rights, through acts or omissions that are in violation of criminal law.</i>  <i>A person may be considered a Victim, regardless of whether the perpetrator is identified, apprehended, prosecuted or convicted &amp; regardless of the familial relationship between the perpetrator &amp; the victim".</i>  The term victim includes, where appropriate, the immediate family or dependants of the direct victim & persons who have suffered harm intervening to assist victims in distress or to prevent victimization.	As per the suggested definition it will be applicable to all, without distinction of any kind, such as race, color, sex, age, language, religion, nationality, political or other opinion, cultural beliefs or practices, property, birth or family, status, ethnic or social origin, & disability, so as to prevent & prohibit trafficking among humans.
11.	Sec 2 (1v)  New Proposed Definition  "HUMAN"	To define the term Human,  The species of Homo sapiens, sapiens including male, female, child and others either living or dead.  Exception: Medical Purposes	There is a need to define the term Human as the title of bill is "HUMAN TRAFFICKING PREVENTION BILL, 2016

12.	Sec3. Offences & Punishment- whosoever directly or indirectly attempts to indulge or knowingly assists or knowingly is a party or is actually involved in any process of offence	It is proposed to include... <i>“or has the reason to believe that the act in which he is assisting, aiding, helping or is involved is of such a nature as mentioned under this Act shall”</i>	
13.	<p>Sec 6.(c)</p> <p>The human trafficking investigation agency will provide technical support and capacity building, sensitization &amp; training to law agencies, anti Human trafficking units &amp; prosecution personnel &amp; help the states / UTs in investigation if they so desires.</p> <p>(f) The agency may also coordinate with designated agencies for rescue, rehabilitation of victims and preventive actions.</p>	<p>The human trafficking investigation agency may provide technical support and capacity building, sensitization &amp; training to law agencies, anti Human trafficking units &amp; prosecution personnel &amp; help the states / UTs in investigation.</p> <p>The term <i>“Prohibition”</i> is to be inserted.</p>	<p>Since it is discretionary so the word “will” should be replaced by the word ‘may ‘.</p>
14.	<p>Sec 9. National Advisory Body (NAB)-</p> <p>National Advisory board shall have members from ministry of women &amp; child development &amp;</p>	<p>It is suggested that National Commission for Women should be made a part of National Advisory Body.</p>	
	<p>ministry of Health &amp; Family Welfare&amp; from states (at least two members from each zone) who shall be deputed on rotation basis &amp; in alphabetical order, one representative from UTs on rotation basis &amp; four members</p>

- 1.4 In respect of claims from parties for non-execution of orders, but contested by the Commission Rs. NIL (Previous year Rs. NIL)

**2. CAPITAL COMMITMENTS**

Initial Estimated cost of construction of the office Building of NCW at Jasola was for Rs. 6.09 crore as per estimate given by the CPWD and an amount of Rs. 1.80 crore was paid as an advance to them. But due to the administrative reasons the building could not be constructed. But CPWD had by that time incurred Rs. 32.98 lakhs for boundary walls etc. After that the fresh estimate was called from CPWD as well as from NBCC in which NBCC had quoted the less estimated cost for construction. Hence the fresh SFC was done and the work has been awarded to NBCC. The NBCC has now completed the work but statutory approvals like completion /occupancy certificate, NOC for use of Auditorium are yet to be obtained by NBCC and certain rectification works are being carried by them. CPWD has already been requested to refund the balance amount Rs. 147.02 lakhs of advance paid to them.

## AUDIT CERTIFICATE

**Separate Audit Report of the Comptroller & Auditor General of India on the  
Accounts of National Commission for Women, New Delhi  
for the year ended 31 March 2016**

We have audited the attached Balance Sheet of National Commission for Women (NCW), New Delhi as at 31 March 2016, Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 19(2) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. These financial statements are the responsibility of the NCW's Management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-economy-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

(i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;

(ii) The Balance Sheet, Income & Expenditure Account/Receipts & Payments Account dealt with by this report have been drawn up in the format prescribed by the Ministry of Finance.

(iii) In our opinion, proper books of accounts and other relevant records have been maintained by NCW in so far as it appears from our examination of such books.

(iv) We further report that:

A. Balance Sheet

A.1 Liabilities:

A.1.1 Current Liabilities and Provisions (Schedule-7): Rs 5.64 crore

A.1.1.1 NCW has pending bills of Rs. 0.33 lakh in March 2016 towards 'Office Expenses' for which no liability was created for the year ending 31 March 2016. This has resulted in understatement of liabilities & provisions and also understatement of expenditure by the like amount.

A.1.1.2 Provision for electricity expenses for 2015-16 was not made by NCW. Similarly, provision for salary/allowances for the month of March 2016 was also not

made in the accounts. The provision based on actuarial basis needs to be made for retirement benefits as required by uniform format of accounts and AS-15 of ICAI.

A.1.1.3 NCW issued cheques of Rs. 7.75 lakh to various stakeholders between the period March 2010 and November 2015, which remained un-cashed as at 31 March 2016. These time barred cheques were not written back in the accounts, which resulted in understatement of Current Assets (Bank balance) and Liabilities (creditors) by the like amount.

## A.2 Assets:

### A.2.1 Fixed Assets (Schedule-8): Rs. 23.63 crore

NCW incurred expenditure of Rs. 21.38 crore for construction of its office building. The building was inaugurated in October 2015 and put to operation in February 2016. However, NCW had not capitalized the cost of construction and shown it as 'work in progress' instead of 'Fixed Assets'.

This has not only understated the cost of buildings shown in the annual accounts but non-charging of depreciation also resulted in understatement of expenditure and overstatement of fixed assets by Rs. 1.07 crore<sup>1</sup>.

### A.2.2 Current Assets, Loans & advances (Schedule-11): Rs. 10.12 crore

An amount of Rs. 1.37 lakh was depicted under advances given to supplier towards purchase of capital items. The same was supplied and put to use in September 2015. However, the same was not shown under Fixed Assets and accordingly no depreciation was charged. This had resulted in overstatement of Current Assets by Rs. 1.37 lakh and also the Fixed Assets were understated by Rs. 0.55 lakh (considering the depreciation of Rs. 0.82 lakh)

## B. Income and Expenditure:

### B.1 Other Administrative Expenses (Schedule-21): Rs 7.10 crore

Other administrative expenses include Rs. 6.87 lakh prior period expenditure. These expenditure were booked in current year instead of prior period. It resulted in understatement of prior period expenditure and overstatement of current year expenditure by Rs. 6.87 lakh.

## C. Grants-in-aid

NCW received Rs. 2358.20 lakh (Rs. 1843.44 lakh under Plan and Rs. 514.76 lakh under Non-Plan) from Ministry of Women & Child Development. It had unspent balance of Rs. 156.75 lakh (Rs. 156.56 lakh under Plan and Rs. 0.19 lakh under Non-Plan) of previous year's grants. Further, it had other receipts of Rs. 32.85 lakh (Rs. 25.48 lakh: Plan and Rs. 7.37 lakh: Non Plan). Out of the total available funds of Rs. 2547.80 lakh (Rs. 2025.48 lakh under Plan and Rs. 522.32 lakh under Non Plan), it had utilized Rs. 2305.06 lakh (Rs. 1862.67 lakh: Plan and Rs. 442.39 lakh: Non-Plan) leaving unspent balance of Rs. 242.74 lakh (Rs. 162.81 lakh under Plan and Rs. 79.93 lakh under Non-Plan) as on 31.3.2016.

**D. Management Letter:** Deficiencies which have not been included in the Audit Report have been brought to the notice of the NCW through a management letter issued separately for remedial/corrective action.

<sup>1</sup> At the rate of 10% of the cost of the building as per the income tax rules

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India;

- a. In so far as it relates to the Balance Sheet, of the state of affairs of the National Commission for Women as at 31 March 2016; and
- b. In so far as it relates to Income and Expenditure Account of the surplus for the year ended on that date.

### Annexure

#### 1. Adequacy of internal audit system

- Internal Audit of NCW had been conducted up to March 2015 by the Internal Audit Wing, Ministry of Human Resource Development.

#### 2. Adequacy of Internal control System

- Recruitment Rules have not been framed even after more than 20 years of constitution of the Commission.
- The response of the management to statutory audit objections was not effective as 22 audit paras for the period from 2009-10 to 2013-14 were outstanding.
- Sundry creditors of Rs. 172.27 lakh pertained to the period 2008-09 to 2013-14 and for 2014-15, creditors of Rs. 54.21 lakh remained pending as of March 2016. These are pending as the UCs for the first installments are pending.
- Advances amounting to Rs. 7.67 crore extended to NGOs, DAVP, NFDC, etc, were outstanding as of March 2016.
- The fixed assets register and consumable item register does not depict details of all items.
- Physical verification of Assets and inventory was not done in time.  
These have been reported in the previous year's report but despite assurance given by the management, the remedial action has not been taken as yet. Thus, the Internal Control System of NCW needs to be strengthened.

#### 3. System of physical verification of assets

- Physical verification of assets has been conducted up to October 2015.
- The register maintained by NCW did not depict details of all items shown in accounts and thus, the veracity of value of fixed assets depicted in accounts could not be verified.
- The accession register of library books with accession number up to 5000 was lost. Further, a physical verification of library books in 2014 revealed that 696 books were lost and 75 books were not available. Thus, the value of books shown in the accounts of the NCW was not correct to the extent of missing books.

#### 4. System of physical verification of inventory

- Physical verification of inventory has been conducted up to November 2015. However, Physical verification of library has been conducted up to November 2014.
- Register of Consumables items has also not been maintained depicting the details of all items and thus could not be verified.

#### 5. Regularity in payment of dues

- As per accounts, no payment over six months in respect of statutory dues was outstanding as of March 2016.
